SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau plans to request clearance from the Office of Management and Budget (OMB) for the

collection of basic demographic information on the Current Population Survey (CPS) beginning in September 2024. The current clearance expires August 31, 2024.

The CPS has been the source of official government statistics on employment and unemployment since 1942. The Bureau of Labor Statistics (BLS) and the Census Bureau jointly sponsor the basic monthly survey. The Census Bureau also prepares and conducts all the field work. At the OMB's request, the Census Bureau and the BLS divide the clearance request in order to reflect the joint sponsorship and funding of the CPS program. BLS submits a separate clearance request for the portion of the CPS that collects labor force information for the civilian noninstitutional population. Some of the information within that portion includes employment status, number of hours worked, job search activities, earnings, duration of unemployment, and the industry and occupation classification of the job held the previous week. The justification that follows is in support of the demographic data.

The demographic information collected in the CPS provides a unique set of data on selected characteristics for the civilian noninstitutional population. Some of the demographic information we collect are age, marital status, sex, Armed Forces status, education, race, origin, and family income. We use these data in conjunction with other data, particularly the monthly labor force data, as well as periodic supplement data. We also use these data independently for internal analytic research and for evaluation of other surveys. In addition, we use these data as a control to produce accurate estimates of other personal characteristics.

II. Method of Collection

The CPS basic demographic information is collected from individual households by both personal visit and telephone interviews each month. All interviews are conducted using computer-assisted interviewing. Households in the CPS are in sample for four consecutive months, and for the same four months the following year. This is called a 4-8-4 rotation pattern; households are in sample for four months, in a resting period for eight months, and then in sample again for four months.

III. Data

OMB Control Number: 0607-0049.

Form Number(s): There are no forms. All interviews are conducted on computers.

Type of Review: Regular submission, Request for Reinstatement, without Change of a Previously Approved Collection for which approval has expired.

Affected Public: Households.

Estimated Number of Respondents: 59,000 per month.

Estimated Time per Response: 1.5 minutes.

Estimated Total Annual Burden Hours: 17,700.

Estimated Total Annual Cost to Public: There is no cost to the respondents other than their time (This is not the cost of respondents' time, but the indirect costs respondents may incur for such things as purchases of specialized software or hardware needed to report, or expenditures for accounting or records maintenance services required specifically by the collection.)

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C. 8(b), 141, and 182.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include, or summarize, each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we
