B. How Do I Participate in This Public Meeting?

Those interested in speaking are asked to contact Ray Vogel by January 24, 2005, by email at vogel.ray@epa.gov and give your email and phone number so you may be contacted for a speaking time. Speaking time slots will be 20 minutes each.

The Task Force requests that presenters at the public meeting limit their presentations to no more than 10 minutes and be prepared to answer follow-up questions from members of the Task Force for approximately 10 minutes. If you wish to present more information than can be accommodated in the allotted time, you should put the information in written remarks that supplement your presentation. Speakers are encouraged to bring disks or hard copies of written remarks to submit for the public record at the meeting. The meeting will be recorded, and a transcript will be made and placed in the public docket. An audio recording will also be made and placed on the Web site <http://www.epa.gov/oar/caaac/titlev.html>.

As noted above, the Task Force is most interested in testimony based on your experience, of what is working well, what is not working well, and any recommendations you have for improvements to the title V program. We strongly encourage speakers to support their testimony with actual examples designed to help the task force understand your concern(s) and how any recommended improvements you offer would address these concerns.

C. How Do I Get Copies of the Draft Report of the Task Force and Other Public Information Related to the Task Force's Work?

Audio and written transcripts of the testimony from previous public meetings are available at the CAAAC Web site: <http://www.epa.gov/oar/caaac>. The draft report (which is expected to be available in winter 2005) will also be available on the Web site. These same materials and additional supporting materials will also be available electronically through the EPA e-docket at: <http://www.epa.gov/edocket/>. To submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically, select "search," then key in the appropriate docket ID number. The docket number for this action is OAR-2004-0075.

D. How Do I Submit Comments?

Interested persons may provide written comments for the task force to consider in lieu of or in addition to making a presentation at the public meeting. The docket for the Title V Performance Task Force is open for submittal of comments until March 31, 2005.

EDOCKET (Preferred)

The EPA's electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. Please note: EPA's policy is to not edit your comment; therefore, any identifying or contact information provided in the body of a comment will be included in the official public docket. To submit a comment through EDOCKET, go to <http://www.epa.gov/edocket>. Once in the system, select "search," then key in OAR-2004-0075 (the docket ID number for the title V performance task force).

E-Mail

Comments may also be sent by e-mail to: A-and-R-docket@epa.gov, attention Docket ID No. OAR-2004-0075. In contrast to EPA's electronic public docket, EPA's e-mail system is not an "anonymous access" system. The EPA's e-mail system automatically captures your e-mail address and includes it as part of the comment that is placed in the official public docket.

Disk, CD-ROM, or Mail

If you submit a disk or CD-ROM, EPA recommends that you include your name, mailing address, e-mail address, or other contact information in the body of your comment. Also include this contact information on the outside of any disk or CD-ROM you submit, and in any cover letter accompanying the disk or CD-ROM. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment. If you submit mail, please enclose two copies. Send to: U.S. Environmental Protection Agency, Air and Radiation Docket and Information Center, Mail Code 6102T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, Attention Docket ID No. OAR-2004-0075.

Hand Delivery or Courier

Deliver comments to: Public Reading Room, Room B102, EPA West Building, 1301 Constitution Avenue, NW., Washington, DC 20004, Attention Docket ID No. OAR-2004-0075.

Deliveries are accepted only between 8:30 a.m. and 4:30 p.m. Eastern Standard Time, Monday through Friday, excluding Federal holidays.

Notice of Proposed Agreement for Recovery of Past Response Costs Under the Comprehensive, Environmental Response, Compensation and Liability Act of 1980 (CERCLA), as Amended, 42 U.S.C. 9622(h)(1), R&R Foundry Superfund Site, Topeka, KS, Docket No. CERCLA-07-2004-0297

AGENCY: Environmental Protection Agency.

ACTION: Notice of Proposed Agreement for Recovery of Past Response Costs, R&R Foundry Superfund Site, Topeka, Kansas.

SUMMARY: Notice is hereby given that a proposed agreement regarding the R&R Foundry Superfund Site located in Topeka, Kansas, was signed by the United States Environmental Protection Agency (EPA) on December 13, 2004.

DATES: EPA will receive, for a period of thirty (30) days from the date of this publication, written comments relating to the proposed agreement.

ADDRESSES: Comments should be addressed to J. Scott Pemberton, Senior Assistant Regional Counsel, United States Environmental Protection Agency, Region VII, 901 N. 5th Street, Kansas City, Kansas 66101, and should refer to: In the Matter of R&R Foundry Superfund Site, Topeka, Kansas, Docket No. CERCLA-07-2004-0297.

The proposed agreement may be examined or obtained in person or by mail from Kathy Robinson, Regional Hearing Clerk, at the office of the United States Environmental Protection Agency, Region VII, 901 N. 5th Street, Kansas City, Kansas 66101, (913) 551-7567.

SUPPLEMENTARY INFORMATION: This proposed Agreement concerns the R&R Foundry Superfund Site, located in Topeka, Kansas, and is made and entered into by the EPA and CSE Technologies, Inc. ("the Settling Party"). This Site occupied 0.553 acres, with nearly 0.138 acres of contaminated soil.

In response to the release of hazardous substances including lead at or from the Site, EPA undertook response actions at the Site pursuant to Section 104 of CERCLA, 42 U.S.C. 9604. Approximately 367 tons of lead-contaminated soil were excavated, treated on-site, and disposed off-site. In performing these response actions, EPA incurred response costs at or in connection with the Site.

Pursuant to Section 107(a) of CERCLA, 42 U.S.C. 9607(a), the Settling Party is responsible for response costs incurred at or in connection with the Site. The Regional Administrator of EPA, Region VII, or his designee, has determined that the total past and projected response costs of the United States at or in connection with the Site will not exceed \$500,000, excluding interest.

This Agreement requires the Settling Party to pay to the EPA Hazardous Substance Superfund the principal sum of \$80,000 in reimbursement of Past Response Costs, and will resolve the Settling Party's alleged civil liability for these costs. The proposed Agreement also includes a covenant not to sue the Settling Party pursuant to Section 107(a) of CERCLA, 42 U.S.C. 9607(a).

Dated: December 28, 2004.

James B. Gulliford,

Regional Administrator, United States Environmental Protection Agency, Region VII.
