RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

Title and Purpose of information collection: Pension Plan Reports; OMB 3220-0089.

Under Section 2(b) of the Railroad Retirement Act (RRA), the Railroad Retirement Board (RRB) pays supplemental annuities to qualified RRB employee annuitants. A supplemental annuity, which is computed according to Section 3(e) of the RRA, can be paid at age 60 if the employee has at least 30 years of creditable railroad service or at age 65 if the employee has 25-29 years of railroad service. In addition to 25 years of service, a "current connection" with the railroad industry is required. Eligibility is further limited to employees who had at least one month of rail service before October 1981 and were awarded regular annuities after June 1966. Further, if an employee's 65th birthday was prior to September 2, 1981, he or she must not have worked in rail service after certain closing dates (generally the last day of the month following the month in which age 65 is attained). Under Section 2(h)(2) of the RRA, the amount of the supplemental annuity is reduced if the employee receives monthly pension payments, or a lump-sum pension payment from a private pension from a railroad employer, to the extent the payments

¹ Notice of the United States Postal Service of Filing Changes in Rates Not of General Applicability for Inbound EMS 2, July 11, 2014 (Notice).

are based on contributions from that employer. The employee's own contribution to their pension account does not cause a reduction. A private railroad employer pension is defined in 20 CFR 216.42.

The RRB requires the following information from railroad employers to calculate supplemental annuities: (a) The current status of railroad employer pension plans and whether such plans cause reductions to the supplemental annuity; (b) whether the employee receives monthly payments from a private railroad employer pension, elected to receive a lump-sum in lieu of month pension payments from such a plan; (c) the date monthly pension payments began or a lump-sum payment was received; and (d) the amount of the payments attributable to the railroad employer's contributions. The requirement that railroad employers furnish pension information to the RRB is contained in 20 CFR 209.2.

The RRB currently utilizes Form G-88p, *Employer's Supplemental Pension Report*, and Form G-88r, *Request for Information About New or Revised Employer Pension Plan*, to obtain the necessary information from railroad employers. One response is requested of each respondent. Completion is mandatory.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (79 FR 24762 on May 1, 2014) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Information Collection Request (ICR)

Title: Pension Plan Reports.

OMB Control Number: 3220-0089.

Forms submitted: G-88p and G-88r.

Type of request: Revision of a currently approved collection of information.

Affected public: Businesses or other for-profits.

Abstract: The Railroad Retirement Act provides for payment of a supplemental annuity to a qualified railroad retirement annuitant. The collection obtains information from the annuitant's employer to determine (a) the existence of railroad employer pension plans and whether such plans, if they exist, require a reduction to supplemental annuities paid to the employer's former employees and (b) the amount of supplemental annuities due railroad employees.

Changes proposed: The RRB proposes to revise Forms G-88p and G-88r to remove information related to the reporting of 401(k) savings plans and to make other editorial changes. The RRB also proposes the implementation of an Internet equivalent version of Form G-88p that can be submitted through the Employer Reporting System.

The burden estimate for the ICR is as follows:

Form No.	Annual responses	Time (minutes)	Burden (hours)
G-88p	100	8	13
G-88p (Internet)	200	6	20
G-88r	10	8	1
Total	310	34

Additional Information or Comments: Copies of the forms and supporting documents can be obtained from Dana Hickman at (312) 751-4981 or Dana.Hickman@RRB.GOV.

Comments regarding the information collection should be addressed to Charles Mierzwa, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois, 60611-2092 or Charles.Mierzwa@RRB.GOV and to the OMB Desk Officer for the RRB, Fax: 202-395-6974, Email address: OIRA_Submission@omb.eop.gov.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-72597; File No. SR-OCC-2014-12]

Self-Regulatory Organizations; The Options Clearing Corporation; Order Approving Proposed Rule Change To Make Its Existing Policy Concerning Specified Concentration Limits Related to Deposits of Certain Letters of Credit Applicable to All Letters of Credit

July 11, 2014.

I. Introduction

On May 20, 2014, the Options Clearing Corporation ("OCC") filed with the Securities and Exchange Commission ("Commission") proposed rule change SR-OCC-2014-12 pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder.² The proposed rule change was published for comment in the *Federal Register* on June 6, 2014.³ The Commission received no comment letters in response to the proposed rule

change. For the reasons discussed below, the Commission is approving the proposed rule change.

II. Description

OCC proposed to amend OCC Rule 604 in order to make its existing policy concerning specified concentration limits related to deposits of certain letters of credit ("LC") applicable to all letters of credit. Currently, OCC imposes concentration limits on clearing member margin deposits of LCs issued by certain non-U.S. institutions.⁴ Specifically, OCC limits a clearing member's margin deposits of LCs issued by such non-U.S. institutions to no more than 50% of a clearing member's total margin deposit at any given time, and no more than 20% of a clearing member's margin

⁴ These concentration limits, however, are not currently applied to LCs issued by non-U.S. institutions that qualify as financial holding companies under Federal Reserve Board of Governors Regulation Y or have an affiliate that is so qualified. See 17 CFR 225. In order to be deemed a financial holding company under Regulation Y, among other things, the institution must make certain certifications regarding the capitalization of the depository institutions controlled by the holding company.
