National Highway Traffic Safety Administration

[Docket No. NHTSA-2007-27802]

Reports, Forms, and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration, Department of Transportation (NHTSA).

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and

reinstatement of previously approved collections.

This document proposes to consolidate four existing collections of information into two collections, and seeks comments accordingly. The first information collection proposes consolidation of OMB control numbers 2127-0511, "49 CFR 571.213, Child Restraint Systems," and 2127-0576, "Child Safety Seat Registration," into a new one. Thus, all child restraint labeling and registration requirements would be included in one information collection entitled "Consolidated Child Restraint System Registration, Labeling and Defect Notifications" (OMB Control Number: 2127-0576).

The second information collection proposes to merge the existing OMB control number 2127-0038, "49 CFR 571.205, Glazing Materials," into 2127-0512, "Consolidated Labeling Requirements for Motor Vehicles (except the VIN)."

DATES: You should submit your comments early enough to ensure that Docket Management receives them no later than June 8, 2007.
