

data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Charter School Facilities National Questionnaire.

OMB Control Number: 1855-0024.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 369.

Total Estimated Number of Annual Burden Hours: 1,107.

Abstract: According to Part B section 5201 of the Elementary and Secondary Education Act, one of the established purposes of the Charter Schools Program at the U.S. Department of Education (ED) is to encourage "States to provide support to charter schools for facilities financing in an amount more nearly commensurate to the amount the States have typically provided for traditional public schools". To help achieve this purpose, the Charter School Program needs reliable data to understand the current facilities landscape for charter schools. There have been discussions on the struggles of charter schools for equitable and adequate access to facilities and facilities financing, yet there were no official studies, reports, or analyses explicitly discussing the facility landscape of charter schools and the similarities and differences between charter school and traditional public school facilities. The Charter Schools Program, through the National Charter School Resource Center, administers a questionnaire conducted by the Colorado League of Charter Schools to gather data on charter schools facilities. This data helps to assess the true facilities challenges of the charter schools and what actions ED and the SEAs must take to better financially support the facilities needs of quality charter schools. ED would like to continue to use and administer this

questionnaire in additional states and compile the data from all states into a facilities database. ED plans to conduct this survey in approximately three to four states per year, depending on the size of the state and local resources of the CSO to support the survey. This database will provide comprehensive information about the facilities for charter schools and the issues that charter schools face in trying to obtain adequate facilities. The League will produce a report and an analysis summarizing the findings per state.

Title of Collection: Program Improvement Plan (PIP).

OMB Control Number: 1820-0693.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local and Tribal Governments.

Total Estimated Number of Annual Responses: 20.

Total Estimated Number of Annual Burden Hours: 125.

Abstract: Pursuant to Section 106 of the Rehabilitation Act of 1973, as amended, Vocational Rehabilitation (VR) agencies found to be out of compliance with federal requirements as a result of failing to meet established performance standards must develop for Rehabilitation Service Administration (RSA) approval a program improvement plan (PIP) using the on-line form located on the RSA management information system (MIS). The PIP must contain goals established by the agency, including measurable targets, by which

it will assess its progress toward meeting the required minimum performance levels, along with strategies for the achievement of the goals. In accordance with regulations at 34 CFR 361.89(c), RSA reviews an agency's progress toward achieving the goals established in the PIP. For this purpose, it requires that the agency report its progress on a quarterly basis.
