Abstract: Authorized by the Organic
Act of 1916 (54 U.S.C. 100101), the NPS
is charged with protecting cultural and
natural resources for the enjoyment and
education of current and future
generations. The NPS Education
Program Office administers education
programs to fulfill the educational
mission of the NPS. This new
information collection request is for an
online survey of elementary school
educators in support of that mission.
Results from this study will support the
Education Program Office in its work to
provide inspiring and informative
educational programs to students across
the country.

This study will include 3rd–5th grade
educators who have or have not
participated in NPS education
programs. Collecting data from both
groups will allow the NPS to
understand program effectiveness, as
well as identify barriers to participation
and factors that may inspire future
participation. This information
collection will seek to understand

educators' attitudes toward NPS
Education Programs, management
questions regarding program
participation, and considerations for
investing in and improving future
program offerings.

Cultural Affiliation

The cultural items in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: anthropological, archeological, geographical, historical, and expert opinion.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the Robert S. Peabody Institute of Archaeology has determined that:

- Pursuant to 25 U.S.C. 3001(3)(B), the 42 cultural items described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and are believed, by a preponderance of the evidence, to have been removed from specific burial sites of Native American individuals.
- Pursuant to 25 U.S.C. 3001(3)(D), the 42 cultural items described above have ongoing historical, traditional, or cultural importance central to the Native American group or culture itself, rather than property owned by an individual.
- Pursuant to 25 U.S.C. 3001(2) there is a relationship of shared group identity that can be reasonably traced between the cultural items and The Muscogee (Creek) Nation.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after May 22, 2023. If competing requests for repatriation are received, the Robert S. Peabody Institute of Archaeology must determine the most appropriate requestor prior to repatriation. Requests for joint

repatriation of the cultural items are considered a single request and not competing requests. The Robert S. Peabody Institute of Archaeology is responsible for sending a copy of this notice to the Indian Tribe identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.8, 10.10, and 10.14.
