

Rules and Regulations

Federal Register

Vol. 77, No. 165

Friday, August 24, 2012

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

DEPARTMENT OF AGRICULTURE

Farm Service Agency

7 CFR Part 782

Suspension of End-Use Certificate Program Requirements

AGENCY: Farm Service Agency, USDA.

ACTION: Final rule.

SUMMARY: This final rule suspends indefinitely the Farm Service Agency (FSA) regulation requiring end-use certificates and tracking of wheat produced in Canada that enters the United States. This action is being taken in response to the discontinuation of Canada's end-use certificate program. As a result of these changes, importers and end-users of Canadian produced wheat are no longer required to provide FSA end-use certificates or consumption and resale reports on wheat produced in Canada.

DATES: Effective August 31, 2012.

FOR FURTHER INFORMATION CONTACT: Helen Linden, Farm Service Agency, Commodity Operations Division, telephone (202) 690-4321, or email Helen.linden@wdc.usda.gov.

SUPPLEMENTARY INFORMATION: Section 321(f) of the North American Free Trade Agreement (NAFTA) Implementation Act requires the Secretary of Agriculture to:

(1) Establish end-use certificates for imports of wheat and barley from a foreign country that requires end-use certificates for imports of U.S. produced wheat or barley; and

(2) Suspend end-use certificate requirements if the foreign countries that have similar requirements terminate such requirements. Canada was the only country requiring end-use certificates, and wheat was the only commodity subject to end-use certificate requirements.

FSA regulations regarding the U.S. end-use certificate program were implemented in 7 CFR part 782, End Use Certificate Program. These regulations provide, in part, that the provisions of the regulations will be suspended 30 calendar days following the date Canada eliminates its end-use certificate requirement.

Canada announced that effective August 1, 2012, it will no longer require end-use certificates on U.S. produced wheat entering Canada. Therefore, by the statutory and regulatory authorities mentioned above, effective August 31, 2012, FSA is suspending the End-Use Certificate filing requirements in 7 CFR part 782. Accordingly, beginning August 31, 2012, importers and end-users of Canadian wheat will no longer be required to file either the End-Use Certificate for Wheat (FSA-750) or the End-Use Certificate Program Canadian Wheat Consumption and Resale Report (FSA-751).

List of Subjects in 7 CFR Part 782

Administrative practice and procedure, Barley, Reporting and recordkeeping requirements, Wheat.

PART 782—[SUSPENDED]

■ Accordingly, under the authority of 7 U.S.C. 6932, 15 U.S.C. 714b and 714c and 19 U.S.C. 3391, the Farm Security administration suspends indefinitely 7 CFR part 782.

Signed on August 3, 2012.

Juan M. Garcia,

Administrator, Farm Service Agency.

RIN 2120-AA64

Airworthiness Directives; Pratt & Whitney Division Turboprop Engines

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for Pratt & Whitney Division PW4052, PW4152, PW4056, PW4156A, PW4060, PW4060A, PW4060C, PW4062, PW4062A, PW4158, PW4460, PW4462, PW4164, PW4164C, PW4164C/B, PW4168, and PW4168A turboprop engines with certain high-pressure turbine (HPT) stage 1 front hubs installed. This AD was prompted by Pratt & Whitney's updated low-cycle-fatigue analysis that indicated certain HPT stage 1 front hubs could initiate a crack prior to the published life limit. This AD requires removing the affected HPT stage 1 front hubs from service using a drawdown plan. We are issuing this AD to prevent failure of the HPT stage 1 front hub, which could lead to an uncontained engine failure and damage to the airplane.

DATES: This AD is effective September 28, 2012.

The Director of the Federal Register approved the incorporation by reference of certain publications listed in the AD as of September 28, 2012.

ADDRESSES: For service information identified in this AD, contact Pratt & Whitney, 400 Main St., East Hartford, CT 06108; phone: 860-565-7700; fax: 860-565-1605. You may view this service information at the FAA, Engine & Propeller Directorate, 12 New England Executive Park, Burlington, MA. For information on the availability of this material at the FAA, call 781-238-7125.

Examining the AD Docket

You may examine the AD docket on the Internet at <http://www.regulations.gov>; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the regulatory evaluation, any comments received, and other information. The address for the Docket Office (phone: 800-647-5527) is Document Management Facility, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: James Gray, Aerospace Engineer, Engine Certification Office, FAA, 12 New England Executive Park, Burlington, MA; phone: 781-238-7742; fax: 781-238-7199; email: james.e.gray@faa.gov.
