

by requiring employers to assure that operating and maintenance instructions are available on machines or in the area where the machine is operated. For vehicles, employers must assure that operating and maintenance instructions are available for each vehicle.

Maintenance and Operating Instructions (§§ 1910.266(f)(1)(iii) and (g)(3))

Under paragraph (f)(1)(iii) and (g)(3) of the Standard, employers must assure that operating and maintenance instructions are available on machines or in the area where the machine is being operated, and in vehicles. For those machines with no operating instructions in the cab, the employer will be required to obtain and retain a manual within the immediate work area for each machine. Because the Logging Operations final rule has been in effect since 1995, OSHA assumes that all employers are in compliance with the provision to have operating and maintenance instructions available on machines or in the area where the machines are being operated.

Certification of Training (§ 1910.266(i)(10)(i) and (i)(10)(ii))

Paragraph (i)(10)(i) requires employers to certify in writing that a worker/supervisor received the training the Standard requires. Under paragraph (i)(10)(ii), employers need only maintain the most recent certification for training that a worker/supervisor has received.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and cost) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply, for example, by using automated or other technological information collection and transmission techniques.

III. Proposed Action

OSHA is requesting that OMB extend the approval of the information collection requirements contained in the Logging Operations Standard (29 CFR 1910.266). Based on updated County Business Pattern data, the agency found that the number of establishments increased from 7,908 to 8,076, as well as

the number of workers from 49,649 to 50,188. However, OSHA is requesting an adjustment decrease in the number of burden hours for the information collection requirements in the Standard from 1,603 hours to 1,507 hours for a total decrease of 96 burden hours. The decrease is due to the agency's use of a new method for rounding burden hours.

Type of Review: Extension of a currently approved collection.

Address requests for additional information to Dawn Wolfgang at the e-address above or telephone 703-548-2279.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0134.

Title: Disclosure and Recordkeeping Requirements in Connection with 12 CFR part 707 (Truth in Savings).

Type of Review: Extension of a currently approved collection.

Abstract: The Truth in Savings Act (TISA), 12 U.S.C. 4301 *et seq.*, requires depository institutions to disclose to consumers certain information, including interest rates, dividends, bonuses, and fees associated with their deposit accounts and accompanying services.

TISA also directed the National Credit Union Administration (NCUA) to promulgate a TISA regulation governing credit unions. Section 272(b) of TISA, 12 U.S.C. 4311(b), mandated that the NCUA regulation be “substantially similar” to those of the Consumer Financial Protection Bureau (CFPB), but the NCUA may take into account the unique nature of credit unions and the limitations under which they may pay dividends.

To implement TISA, the NCUA published its TISA regulation, 12 CFR part 707, which applies to all credit unions whose accounts are either insured by, or eligible to be insured by, the National Credit Union Share Insurance Fund, except for any credit union that has been designated as a corporate credit union and any non-automated credit union that has \$2 million or less in assets (together, “credit unions”). In addition, the advertising rules apply to any person who advertises an account offered by a credit union. The NCUA’s TISA regulation requires credit unions to disclose fees, dividend rates and other terms concerning accounts to members or potential members before they open accounts.

The NCUA’s TISA regulation requires credit unions to provide specific
