Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with disabilities, are aware of this notice, FSIS will announce it on-line through the FSIS Web page located at http://www.fsis.usda.gov/regulations_&_policies/Federal_Register_Notices/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The Update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The Update also is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an e-mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/News_&_Events/Email_Subscription/. Options range from recalls, export information, regulations, directives, and notices.

Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Marine Recreational Information Program.

OMB Control Number: 0648-0052.

Form Number(s): NA.

Type of Request: Regular submission (revision of a current information collection).

Number of Respondents: 783,405 (37,060 net increase).

Average Hours per Response:

Screening questionnaires, 5 minutes; angler questionnaires, 6 minutes for telephone survey, 10 minutes for mail survey.

Burden Hours: 53,494 hours (3,854 hours net increase).

Needs and Uses: This request is for a revision of a current information collection. Marine recreational anglers are surveyed for catch and effort data, fish biology data, and angler socioeconomic characteristics. These data are required to carry out provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), as amended, regarding conservation and management of fishery resources.

Marine recreational fishing catch and effort data are currently collected through a combination of telephone surveys and on-site intercept surveys with recreational anglers. Recent amendments to the Magnuson-Stevens Fishery Conservation and Management Act (MSA) require the development of an improved data collection program for recreational fisheries. To meet the requirements of MSA, NOAA Fisheries is developing pilot studies to test alternative approaches for surveying recreational anglers. Studies will test

the effectiveness of alternative sample frames and data collection methods for contacting anglers and collecting recreational fishing data. The goal of these studies is to develop more efficient and accurate methods for estimating marine recreational fishing catch and effort.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to

OIRA_Submission@omb.eop.gov.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Elwha River Dam Removal and Floodplain Restoration Ecosystem Service Valuation Pilot.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for a new information collection).

Number of Respondents: 164.

Average Hours per Response: 1 hour for interviews, 2 hours for focus groups and stakeholder meetings.

Burden Hours: 304.

Needs and Uses: NOAA is requesting approval to conduct focus groups, stakeholder meetings and one-on-one interviews to develop and test the Elwha River Dam Removal and

Floodplain Restoration Ecosystem Service Valuation Survey. The planned removal of two hydroelectric dams on the Elwha River would be one of the largest dam removal projects in U.S. history. This project, along with restoration actions planned for the floodplain and drained reservoir basins, would have numerous impacts to people of the surrounding region. Impacted groups include recreators who engage in river activities such as fishing and rafting, reservoir users, and members of American Indian Tribes for whom the river has cultural, environmental, and economic significance. The dam removal and restoration actions could also have value to people throughout the Pacific Northwest and the U.S., regardless of whether they visit the Elwha River or Olympic Peninsula. Such nonuse value may be significant because the dam removal and habitat restoration will restore the river to more natural conditions and will restore threatened and endangered populations of salmon and other fish species. This project will also address an important gap in research on indirect and nonuse values provided by habitat restoration and protection.

To ensure the survey questions and policy scenarios presented in this survey are accurate, easily understood, and the least burdensome, it is important to test the survey with small focus groups and in one-on-one interviews.

Affected Public: Individuals or households.

Frequency: One-time only.

Respondent's Obligation: Voluntary.

[A-570-977]

High Pressure Steel Cylinders From the People's Republic of China: Postponement of Preliminary Determination of Antidumping Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* September 27, 2011.

FOR FURTHER INFORMATION CONTACT:

Emeka Chukwudebe or Alan Ray, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0219 or (202) 482-5403, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 31, 2011, the Department of Commerce ("Department") initiated an antidumping duty investigation on high pressure steel cylinders from the People's Republic of China.¹ The *Initiation Notice* stated that, in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended ("Act"), unless postponed, the Department would issue its preliminary determination no later than 140 days after the date of issuance of the initiation. The preliminary determination for this investigation is currently due no later than October 18, 2011.

Postponement of Preliminary Determination

Section 733(c)(1)(A) of the Act and 19 CFR 351.205(e) state that if the petitioner makes a timely request for an extension, the Department may postpone the period for making a preliminary determination until no later than the 190th day after the date on which the administering authority initiated the investigation. On September 8, 2011, Norris Cylinder Company ("Petitioner") made a timely request, pursuant to 19 CFR 351.205(e), for a postponement of the preliminary determination to allow the Department and Petitioner adequate time to thoroughly review and analyze the information submitted by the company

selected for individual examination. For the reason identified above and because there are no compelling reasons to deny the request, pursuant to section 733(c)(1)(A) of the Act, the Department is postponing the deadline for the preliminary determination until the 190th day after the day on which the investigation was initiated. Accordingly, the deadline for completion of the preliminary determination is now no later than Wednesday, December 7, 2011.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: September 20, 2011.
