

reduced-scope version of that project. The agreement also includes project schedule milestones, a budget, and project-related goals.

Each applicant selected for CHBP grant funding (awardee) will be required to collect and report project monitoring information. This will include information on the project's performance using performance indicators supplied by FHWA that relate to CHBP goals. Performance reporting continues for several years after project construction is completed. Each awardee will submit progress and monitoring reports on a quarterly basis until completion of the project as determined by FHWA. This information will be used to monitor awardees' use of Federal funds, ensuring accountability and financial transparency.

These requirements are further detailed in the Notice of Funding Opportunity (NOFO) available on [grants.gov](https://www.grants.gov).

This notice seeks comments on the proposed information collection, which will collect information necessary to support the evaluation of applications and selection of project awards, the funding agreement negotiation stage for awards, and project monitoring.

**Respondents:** Any eligible State DOT can submit as many as three applications for CHBP grant funding through the NOFO. A limit of three applications is specified in the NOFO. There are 18 eligible States. Each applicant selected for CHBP grant funding (awardee) will be required to execute a project agreement and will be required to collect and report project monitoring information.

**Frequency:** Annually for the duration of the program, including the application period, funding agreement process, and project monitoring.

**Estimated Average Burden per Response:** 100 hours per respondent per application. In addition, each awarded project is estimated to require 60 hours for negotiating and signing the funding agreement and project monitoring reporting including performance indicator and financial monitoring. FHWA estimates that project monitoring will occur for four years.

**Estimated Total Annual Burden Hours:** It is estimated that the respondents will complete approximately 36 applications for an estimated total of 3,600 burden hours. In addition, it is estimated that there will be 27 awarded projects for an estimated total of 1,620 additional burden hours. There are 5,220 total annual burden hours.

**Public Comments Invited:** You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize, include your comments, or both, in the request for OMB's clearance of this information collection.

**Authority:** The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended; and 49 CFR 1.48.

Issued on: August 12, 2025.

## UNITED STATES SENTENCING COMMISSION

### Final Priorities for Amendment Cycle

**AGENCY:** United States Sentencing Commission.

**ACTION:** Notice of final priorities.

**SUMMARY:** In June 2025, the Commission published a notice of proposed policy priorities for the amendment cycle ending May 1, 2026. After reviewing public comment received pursuant to the notice of proposed priorities, the Commission has identified its policy priorities for the upcoming amendment cycle and hereby gives notice of these policy priorities.

**FOR FURTHER INFORMATION CONTACT:** Jennifer Dukes, Senior Public Affairs Specialist, (202) 502–4597.

**SUPPLEMENTARY INFORMATION:** The United States Sentencing Commission is an independent agency in the judicial branch of the United States Government. The Commission promulgates sentencing guidelines and policy statements for federal courts pursuant to 28 U.S.C. 994(a). The Commission also periodically reviews and revises previously promulgated guidelines pursuant to 28 U.S.C. 994(o) and submits guideline amendments to Congress not later than the first day of May each year pursuant to 28 U.S.C. 994(p).

As part of its statutory authority and responsibility to analyze sentencing issues, including operation of the federal sentencing guidelines, the Commission has identified its policy priorities for the amendment cycle ending May 1, 2026. Other factors, such as legislation requiring Commission action, may affect the Commission's ability to complete work on any or all identified priorities by May 1, 2026. Accordingly, the Commission may

continue work on any or all identified priorities after that date or may decide not to pursue one or more identified priorities. The Commission previously published a notice of proposed policy priorities for the amendment cycle ending May 1, 2026. *See* 90 FR 24710 (June 11, 2025).

Pursuant to 28 U.S.C. 994(g), the Commission intends to consider the issue of reducing costs of incarceration and overcapacity of prisons, to the extent it is relevant to any identified priority.

The Commission has identified the following priorities for the amendment cycle ending May 1, 2026:

(1) Examination of how the guidelines can provide courts with additional guidance on selecting the appropriate sentencing option (e.g., imprisonment, probation, or fine), and possible consideration of amendments that might be appropriate.

(2) Further examination of the penalty structure for certain drug trafficking offenses under § 2D1.1 (Unlawful Manufacturing, Importing, Exporting, or Trafficking (Including Possession with Intent to Commit These Offenses)) and § 2D1.11 (Unlawfully Distributing, Importing, Exporting or Possessing a Listed Chemical; Attempt or Conspiracy), including (A) consideration of possible amendments addressing the purity distinctions for methamphetamine provided in the Drug Quantity Table and related application notes; (B) consideration of other miscellaneous issues pertaining to drug trafficking offenses coming to the Commission's attention, such as statutory changes relating to fentanyl, sentencing enhancements for offenses involving fentanyl, and other fentanyl-related issues; and (C) and consideration of possible amendments to the Chemical Quantity Table at § 2D1.11 to address offenses involving fentanyl precursors.

(3) Examination of § 2B1.1 (Theft, Property Destruction, and Fraud) and related guidelines to ensure the guidelines appropriately reflect the culpability of the individual and the harm to the victim, including (A) reassessing the role of actual loss, intended loss, and gain; (B) considering whether the loss table in § 2B1.1 should be revised to simplify application or to adjust for inflation; (C) considering the application and impact of the victims table in § 2B1.1 and adjustments in Chapter Three, Part A (Victim-Related Adjustments), relating to victims; (D) considering the application and impact of adjustments in Chapter Three, Part B (Role in the Offense) relating to role in the offense; and (E) possible
