These estimates are based upon filers' use of the EEO-4 online filing system to submit reports. The EEOC has made online electronic submission much easier for respondents required to file the EEO-4 Report and as a result, more respondents are using this electronic filing method. During the 2019 EEO-4 data collection cycle, 4,988 EEO-4 filers completed and certified their submission. Of the 4,988 EEO-4 filers who submitted data in 2019, 4 percent uploaded a data file, 92 percent filed through the online application, and 4 percent submitted paper records. Electronic filing remains the most efficient, accurate, and secure means of reporting for respondents required to submit the EEO-4 report. Accordingly, the EEOC will continue to encourage EEO-4 filers to submit data through online electronic filing and will only accept paper records from filers who have secured permission to submit data via paper submission.
