Certain Corrosion Inhibitors From the People's Republic of China: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 23, 2022, the U.S. Department of Commerce (Commerce) published the notice of initiation and preliminary results of a changed circumstances review of the antidumping duty order on certain corrosion inhibitors from the People's Republic of China (China). For these final results, Commerce continues to find that Kanghua Chemical Co., Ltd. (Chuzhou Kanghua) is the successor-in-interest to the Nantong Kanghua Chemical Co., Ltd (Nantong Kanghua).

DATES: Applicable January 10, 2023.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3477.

SUPPLEMENTARY INFORMATION:

Background

On August 30, 2022, Chuzhou Kanghua requested that Commerce conduct an expedited changed circumstances review of the antidumping duty order on certain corrosion inhibitors from China,¹ pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.216, and 19 CFR 351.221(c)(3), to confirm that Chuzhou Kanghua is the successor-in-interest to Nantong Kanghua for purposes of determining antidumping duty cash deposits and liabilities.² In its submission, Chuzhou Kanghua stated that its request was based solely on a

² See Chuzhou Kanghua's Letter, "Certain Corrosion Inhibitors from the People's Republic of China, A-570-122; Changed Circumstances Review (Kanghua)," dated August 30, 2022 (CCR Request). We note that the actual request contained a typographical error referencing a different case and case number. We clarified with counsel that the correct case name is "Certain Corrosion Inhibitors from the People's Republic of China, A-570-122." See Memorandum, "Antidumping Administrative Review of Certain Corrosion Inhibitors from the People's Republic of China: Communication with counsel concerning its Request for a Changed Circumstance Review," dated September 29, 2022.

change in the Chinese name of the company from "Nantong Kanghua Chemical Co., Ltd" to "Kanghua Chemical Co., Ltd." ³

On November 23, 2022, Commerce initiated this proceeding and published the *Preliminary Results*, preliminarily finding that Kanghua Chemical is the successor-in-interest to Nantong Kanghua.⁴ In the *Preliminary Results*, we provided interested parties with an opportunity to provide comments.⁵ We received no comments.

Scope of the Order

The merchandise covered by the *Order* is corrosion inhibitors from China. For a full description of the merchandise covered by the scope of *Order*, see the *Preliminary Results* PDM.⁶

Final Results of Changed Circumstances Review

For the reasons stated in the *Preliminary Results*, Commerce continues to find that Kanghua Chemical is the successor-in-interest to Nantong Kanghua. As a result of this determination and consistent with established practice, we find that Kanghua Chemical should receive the cash deposit rate previously assigned to the Nantong Kanghua. Consequently, Commerce will instruct U.S. Customs and Border Protection (CBP) to suspend liquidation of all shipments of subject merchandise produced and exported by Kanghua Chemical and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at 87.11 percent, which is the current antidumping duty cash deposit rate for Nantong Kanghua.⁷ For shipments of subject merchandise produced by Kanghua Chemical and exported by Jiangyin Delian Chemical Co., Ltd (Delian), Commerce will instruct CBP to suspend liquidation of shipments of subject merchandise that entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at 72.50 percent, which is the current antidumping duty cash

comments from interested parties with respect to this determination. Therefore, because the record indicates that this company did not export subject merchandise to the United States during the POR, we continue to find that Metalfer had no reviewable transactions during the POR. Accordingly, consistent with Commerce's practice, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of merchandise produced by Metalfer, but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.⁴

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, we made certain changes to the preliminary weighted-average margin calculations for Dalmine S.p.A. (Dalmine).⁵

Final Results of Review

Commerce determines that the following weighted-average dumping margin exists for the period June 1, 2020, through May 31, 2021:

Exporter/producer	Weighted-average dumping margin (percent)
Dalmine S.p.A	0.00

Disclosure

Commerce intends to disclose to interested parties the calculations performed in connection with the final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rate

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.
