SUPPLEMENTARY INFORMATION:

OMB Approval No.: 2138-0006.

Title: Preservation of Air carrier Records—14 CFR part 249.

Form No.: None.

Type Of Review: Extension of a currently approved collection.

Respondents: Certificated air carriers and charter operators.

Number of Respondents: 90 certificated air carriers and 300 charter operators.

Estimated Time per Response: 3 hours per certificated air carrier; 1 hour per charter operator.

Total Annual Burden: 570 hours.

Needs and Uses: Part 249 requires the retention of records such as: General and subsidiary ledgers, journals and journal vouchers, voucher distribution registers, accounts receivable and payable journals and ledgers, subsidy records documenting underlying financial and statistical reports to DOT, funds reports, consumer records, sales reports, auditors' and flight coupons, air waybills, etc. Depending on the nature of the document, the carrier may be required to retain the document for a period of 30 days to 3 years. Public charter operators and overseas military personnel charter operators must retain documents which evidence or reflect deposits made by each charter

participant and commissions received by, paid to, or deducted by travel agents, and all statements, invoices, bills and receipts from suppliers or furnishers of goods and services in connection with the tour or charter. These records are retained for 6 months after completion of the charter program.

Not only is it imperative that carriers and charter operators retain source documentation, but it is critical that we ensure that DOT has access to these records. Given DOT's established information needs for such reports, the underlying support documentation must be retained for a reasonable period of time. Absent the retention requirements, the support for such reports may or may not exist for audit/validation purposes and the relevance and usefulness of the carrier submissions would be impaired, since the data could not be verified to the source on a test basis.

The Confidential Information Protection and Statistical Efficiency Act of 2002 (44 U.S.C. 3501 note), requires a statistical agency to clearly identify information it collects for non-statistical purposes. BTS hereby notifies the respondents and the public that BTS uses the information it collects under this OMB approval for non-statistical purposes including, but not limited to, publication of both Respondent's identity and its data, submission of the information to agencies outside BTS for review, analysis and possible use in regulatory and other administrative matters.

Comments are invited on: Whether the proposed record retention requirements are necessary for the proper performance of the functions of the Department. Comments should address whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

SUPPLEMENTARY INFORMATION:

OMB Approval No.: 2138-0039.

Title: Reporting Required for International Civil Aviation Organization (ICAO).

Form No.: BTS Form EF.

Type Of Review: Extension of a currently approved collection.

Respondents: Large certificated air carriers.

Number of Respondents: 35.

Number of Responses: 35.

Total Burden per Response: 1.5 hours.

Total Annual Burden: 53 hours.

Needs and Uses: As a party to the Convention on International Civil

Aviation (Treaty), the United States is obligated to provide ICAO with financial and statistical data on operations of U.S. air carriers. Over 99% of the data filed with ICAO is extracted from the air carriers' Form 41 submissions to BTS. BTS Form EF is the means by which BTS supplies the remaining 1% of the air carrier data to ICAO.

DEPARTMENT OF TRANSPORTATION

[Docket No. DOT-OST-2021-0056]

Request for Information on Transportation Equity Data

AGENCY: Office of the Secretary (OST),
Department of Transportation (DOT).

ACTION: Request for information.

SUMMARY: On January 20, 2021, President Biden signed the Executive Order, "Advancing Racial Equity and Support for Underserved Communities Through the Federal Government" (Equity E.O.). Through the

implementation of this Administration priority, the U.S. Department of Transportation (DOT or Department) will assess whether, and to what extent, its programs and policies perpetuate systemic barriers to opportunities and benefits for people of color and other underserved groups. These assessments will better equip the Department to develop policies and programs that deliver resources and benefits equitably to all. The Department solicits input from the public regarding available or potential data and assessment tools that could assist in the ongoing and continuous evaluation of Federal policies and programs concerning equitable services and safety in the transportation sector.

DATES: Comments are requested by June 24, 2021.

SUPPLEMENTARY INFORMATION: Through this Request for Information (RFI), the Department requests information on the data and assessment tools to measure transportation equity. Specifically, the Department seeks responses to the questions outlined below.

On January 20, 2021, President Biden signed Executive Order 13985 on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government (Equity E.O.).¹ The Equity E.O. directs the Federal Government to pursue a comprehensive approach to advance equity, civil rights, racial justice, and equal opportunity to strengthen communities that have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality.

The Department is entrusted with maintaining and improving our Nation's transportation system. Equitable and safe access to transportation is a civil right. Transportation touches every part of American lives and makes the American Dream possible, getting people and goods to where they need to be, directly and indirectly creating good-paying jobs and helping improve quality of life, especially after the COVID-19 pandemic. However, misguided policies and missed opportunities can reinforce racial, ethnic, geographic, and disability disparities, dividing or isolating neighborhoods and undermining the government's essential role of empowering Americans to thrive.

The Department is committed to advancing equity, civil rights, racial justice, environmental justice, and equal opportunity and has the responsibility to ensure that all Americans have equitable access to safe, affordable, and sensible transportation options, no matter who they are or where they live. This means that all communities should have meaningful access to the Department's programs and activities.

The Equity E.O. defines the following terms noted under (a) and (b) below and hence are used as definitions for purposes of this RFI:

(a) The term "equity" means the consistent and systematic fair, just, and
