Standard Steel Welded Wire Mesh From Mexico: Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing a countervailing duty order on standard steel welded wire mesh (wire mesh) from Mexico.

DATES: Applicable April 12, 2021.

FOR FURTHER INFORMATION CONTACT: Ian Hamilton, AD/CVD Operations, Office II, Enforcement and Compliance, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4798.

SUPPLEMENTARY INFORMATION:

Background

On February 18, 2021, Commerce published its affirmative final determination in the countervailing duty investigation of wire mesh from Mexico.¹ On April 5, 2021, the ITC notified Commerce of its final determination, pursuant to sections 705(b)(1)(A)(i) and 705(d) of the Tariff Act of 1930, as amended (the Act), that an industry in the United States is materially injured by reason of

subsidized imports of wire mesh from Mexico.²

Scope of the Order

The scope of the order is wire mesh from Mexico. For a complete description of the scope of this order, see the appendix to this notice.

Countervailing Duty Order

On April 5, 2021, in accordance with sections 705(b)(1)(A)(i) and 705(d) of the Act, the ITC notified Commerce of its final determination in this investigation, in which it found that an industry in the United States is materially injured by reason of imports of wire mesh from Mexico.³ As a result, and in accordance with sections 705(c)(2) and 706 of the Act, we are issuing this countervailing duty order. Because the ITC determined that imports of wire mesh from Mexico are materially injuring a U.S. industry, unliquidated entries of such merchandise from Mexico, entered or withdrawn from warehouse for consumption, are subject to the assessment of countervailing duties.

Countervailing duties will be assessed on unliquidated entries of wire mesh from Mexico entered, or withdrawn from warehouse, for consumption on or after December 3, 2020, the date of publication of the *Preliminary Determination*,⁴ but will not include entries occurring after the expiration of the provisional measures period and before the publication of the ITC's final injury determination under section 705(b) of the Act, as further described below.

Suspension of Liquidation and Cash Deposits

In accordance with section 706 of the Act, Commerce will direct CBP to suspend liquidation of entries of wire mesh from Mexico, as described in the appendix to this notice, effective on the date of publication of the ITC's notice of final determination in the **Federal Register**, and to assess, upon further instruction by Commerce, pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rate for the subject merchandise. On or after the publication of the ITC's final injury determination in the **Federal Register**, CBP must

require, at the same time as importers would normally deposit estimated import duties on this merchandise, cash deposits for each entry of subject merchandise equal to the rates noted below. These instructions suspending liquidation will remain in effect until further notice.

Company	Subsidy rate (percent)
Aceromex S.A. De C.V.	1.03
Deacero S.A.P.I. de C.V.	102.10
All Others ⁵	1.03

Provisional Measures

Section 703(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months. In the underlying investigation, Commerce published the *Preliminary Determination* on December 3, 2020. As such, the four-month period beginning on the date of the publication of the *Preliminary Determination* ended on April 2, 2021. Furthermore, section 707(b) of the Act states that definitive duties are to begin on the date of publication of the ITC's final injury determination.

Therefore, in accordance with section 703(d) of the Act, we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to countervailing duties, unliquidated entries of wire mesh from Mexico, entered, or withdrawn from warehouse, for consumption, on or after April 2, 2021, the date on which the provisional measures expired, until and through the day preceding the date of publication of the ITC's final injury determination in the **Federal Register**.⁶ Suspension of liquidation will resume on the date of publication of the ITC's final determination in the **Federal Register**.

Notifications to Interested Parties

This notice constitutes the countervailing duty order with respect to wire mesh from Mexico, pursuant to section 706(a) of the Act. Interested parties can find a list of countervailing duty orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.
