

Notices

Federal Register

Vol. 74, No. 13

Thursday, January 22, 2009

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Center for Nutrition Policy and Promotion; Agency Information Collection Activities; Proposed Collection: Comment Request—MyPyramid Interactive Information Collection for Registration, Login, Food Intake and Physical Activity Assessment Information

AGENCY: Center for Nutrition Policy and Promotion, USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this proposed information collection. This collection is an extension without change of a currently approved collection MyPyramid Tracker and Menu Planner, on-line dietary and physical activity self-assessment tools.

DATES: Written comments on this notice must be submitted on or before March 23, 2009.

ADDRESSES: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions that were used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent to: Jackie Haven, Director, Nutrition Marketing and Communications Division, Center for Nutrition Policy and Promotion,

United States Department of Agriculture, 3101 Park Center Drive, Room 1034, Alexandria, Virginia, 22302. Comments may also be submitted via fax to the attention of Donna Johnson-Bailey at 703-305-3300 or via e-mail to { donna.johnson-bailey@cnpp.usda.gov }. Comments will also be accepted through the Federal eRulemaking Portal. Go to <http://www.regulations.gov>, and follow the online instructions for submitting comments electronically.

All written comments will be open for public inspection at the office of the Food, Nutrition and Consumer Services during regular business hours (8:30 a.m. to 5 p.m. Monday through Friday) at 3101 Park Center Drive, Room 1034, Alexandria, Virginia 22302.

All responses to this notice will be summarized and included in the request for Office of Management and Budget (OMB) approval. All comments will also become a matter of public record.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies should be directed to Donna Johnson-Bailey, (703) 305-7600.

SUPPLEMENTARY INFORMATION: *Title:* MyPyramid Tracker and Menu Planner Information Collection for Registration, Login and Food Intake and Physical Activity Assessment.

OMB Number: 0584-0535.

Expiration Date: June 30, 2009.

Type of Request: Extension without change of a currently approved collection.

Abstract: MyPyramid Tracker (<http://www.mypyramidtracker.gov>) and MyPyramid Menu Planner (<http://www.mypyramidtracker.gov/planner/launchPage.aspx>) are Internet based diet and physical activity self-assessment tools. The MyPyramid Menu Planner tool is a simplified version of the Tracker. The Menu Planner simplifies both the user interface and the underlying data. It allows users to compare their food choices to MyPyramid recommendations. All users may choose to save their information by registering with a username and password. Individual can also use the MyPyramid Tracker and Menu Planner without registration.

Both MyPyramid Tracker and MyPyramid Menu Planner translate science-based guidance into practical information and promote nutrition education by increasing awareness

about the quality of a person's diet. The tools allow users to input their daily food intakes and physical activity information and obtain a quick summary of overall daily diet quality, activity status, and energy balance in relation to the current Dietary Guidelines for Americans. Information can be tracked for up to 1 year. The tools generate motivational education messages tailored to the user's personal assessment results.

This collection will be ongoing. The information collected will only be accessible by the user. If the tools need to be improved, such as Dietary Guidelines updates or technical enhancements, formative assessment will be completed by students in cooperation with universities or colleges. Analysis of feedback from formative testing will be completed prior to the release of any updates or Web site enhancements for the general public.

Affected Public: 3,310,722 Individuals and Households, College Students—computer users.

Estimated Number of Responses per Respondent: 365 daily.

Estimated Total Annual Burden on Respondents: 6,843,466 hours.

Estimated Total Annual Responses: 30,019,978.

Estimated Number of MyPyramid Tracker Respondents: Of the 3,310,722 total respondent population and based on MyPyramid Tracker activity for the past 12 months, 2,660,704 respondents have registered, logged on and entered food and physical activity data for at least 1 day. Approximately 10% repeatedly used the Tracker on a daily basis over the past year. This would equate to approximately 22,173 repeat users visiting the site each month during one year.

The number of subjects included in formative assessments for MyPyramid Tracker will include about 9 college students, who will log in and add food intake and physical activity data for approximately 3 days.

Estimated Time Per Response: For both the MyPyramid Tracker and the Menu Planner, it will take individuals approximately 1 minute (.0167) to register for a system logon ID and password. It typically takes users 30 seconds (.0083) to log in to the system and approximately 30 minutes (.5) to complete food and physical activity data entry log for 1 day.

Affected public	Description of activity	(b) Form No.	(c) Number respondents	(d) Frequency of responses per respondent	(e) Est. total annual responses (c x d)	(f) Hours per response	(g) Total burden (e x f)
Reporting Burden							
Individual and households.	One time registration ..	N/A	2,660,704	1	2,660,704	0.0167	44,433.76
	One time Log-in	N/A	2,660,704	1	2,660,704	0.0083	22,083.84
	Food/Physical Activity Data Entry for 1 Day.	N/A	2,660,704	1	2,660,704	0.5	1,330,352.00
	Repeat Log-ins for 1 Year.	N/A	22,173	364	8,070,972.00	0.0083	66,989
	Repeat Food/Physical Activity Data Entries for 1 Year.	N/A	22,173	364	8,070,972.00	0.5	4,035,486.00
Total Burden Estimates.	2,660,704.00	24,124,056.00	5,499,344.67

TABLE 2—MYPYRAMID TRACKER ESTIMATED BURDEN HOURS—STUDENT FORMATIVE RESEARCH

Affected public	Description of activity	(b) Form No.	(c) Number respondents	(d) Frequency of responses per respondent	(e) Est. total annual responses	(f) Hours per response	(g) Total burden (e x f)
Reporting Burden							
Students	One time registration ..	N/A	9	1.00	9.00	0.01670	0.15
	One time Log-in	N/A	9	1.00	9.00	0.0083	0.07
	Food/Physical Activity Data Entry for 1 Day.	N/A	9	1.00	9.00	0.5	4.50
	Repeat Log-ins for 1 Year.	N/A	9	3.00	27.00	0.0083	0.22
	Repeat Food/Physical Activity Data Entries for 1 Year.	N/A	9	3.00	27.00	0.5	13.50
Total Burden Estimates.	9.00	81.00	18.45

Estimated Number of MyPyramid Menu Planner Respondents: Of the 3,310,722 total respondent population and based on MyPyramid Menu Planner activity for the past 12 months, 650,000 respondents have registered, logged on

and entered food and physical activity data for at least one day. Approximately 10% used the Tracker on a daily basis over the past year. This would equate to approximately 5,420 repeat users visiting the site each month during one

year. The number of subjects included in the formative assessment is about 9 college students who will use the same log in process to create 3 days of food intake and physical activity data.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

Chesapeake Bay Watershed Initiative

AGENCY: Natural Resources Conservation Service and Commodity Credit Corporation, United States Department of Agriculture (USDA).

ACTION: Notice of availability of program funds for the Chesapeake Bay Watershed Initiative.

SUMMARY: The Commodity Credit Corporation (CCC) announces the availability of an additional \$23 million of technical and financial assistance funds in fiscal year (FY) 2009 through the Chesapeake Bay Watershed Initiative to agricultural producers in eligible states. These states are: Delaware, Maryland, New York, Pennsylvania, Virginia, and West Virginia. The Chesapeake Bay Watershed Initiative funds are available to help producers implement natural resources conservation practices on agricultural lands in the Chesapeake Bay watershed.

DATES: January 22, 2009.

FOR FURTHER INFORMATION CONTACT:

Lillian Woods, Acting Director, Conservation Planning and Technical Assistance Division, Natural Resources Conservation Service, P.O. Box 2890, Washington, DC 20013; phone (202) 720–8851; fax (202) 720–2998. Submit electronic requests for additional information to: dan.lawson@wdc.usda.gov.

SUPPLEMENTARY INFORMATION: CCC hereby announces up to \$23 million to provide technical and financial assistance to producers under the Chesapeake Bay Watershed Initiative in FY 2009.

Section 1240Q of the Food Security Act, as added by the Food, Conservation, and Energy Act of 2008 (Pub. L. 110–246) (2008 Act), established the Chesapeake Bay Watershed Initiative and defined the Chesapeake Bay Watershed to mean all tributaries, backwaters, and side channels, including their watersheds, draining into the Chesapeake Bay. This area includes portions of the states of Delaware, Maryland, New York, Pennsylvania, Virginia, and West Virginia. The NRCS administers the Chesapeake Bay Watershed Initiative and carries out program implementation using funds, facilities, or authorities of CCC. The Initiative gives special, but not exclusive, consideration to producers' applications in the following

river basins: Susquehanna River, Shenandoah River, Potomac River (including North and South Potomac), and the Patuxent River.

The Chesapeake Bay Watershed Initiative helps agricultural producers improve water quality and quantity, and restore, enhance, and preserve soil, air, and related resources in the Chesapeake Bay watershed through the implementation of conservation practices. These conservation practices reduce soil erosion and nutrient levels in ground and surface water, improve, restore, and enhance wildlife habitat, and help address air quality and related natural resource concerns. The Initiative is carried out through the various natural resources conservation programs authorized under subtitle D, Title XII of the Food Security Act of 1985, 16 U.S.C. 3830–3839bb–5. The Chesapeake Bay Watershed Initiative assistance in FY 2009 will be delivered through the Environmental Quality Incentives Program (EQIP). All EQIP requirements and policies will apply (see 7 CFR Part 1466).

Individuals interested in applying for Chesapeake Bay Watershed Initiative assistance may contact their local USDA service center in the eligible Chesapeake Bay Watershed Initiative states. For a listing of local service centers, consult: <http://offices.sc.egov.usda.gov/locator/app?agency=nrscs>.
