[STB Docket No. AB-31 (Sub No. 38)]

CSX Corporation and CSX Transportation, Inc.—Adverse Abandonment—Canadian National Railway Company and Grand Trunk Western Railroad Inc.

On April 24, 2001, CSX Corporation and CSX Transportation, Inc. (collectively, CSX) filed an adverse application under 49 U.S.C. 10903 requesting that the Surface Transportation Board (Board) authorize the abandonment by Canadian National Railway Company (CNR)¹ and its wholly owned affiliate Grand Trunk Western Railroad Incorporated (GTW), of a portion of a rail line known as Track No. 239 extending from milepost 26.4 to milepost 27.0 near 43rd Street and Damen Avenue, in Chicago, Cook County, IL, a distance of 2,952 feet. The track is situated on property leased from New York Central Lines, L.L.C. (NYC). The line traverses United States Postal Service ZIP Code 60609 and includes no stations. In the alternative, CSX seeks an order of adverse discontinuance against GTW's operations on the line.

CSX indicates that it filed the adverse abandonment application so that it could proceed with plans to utilize the track to service its new 59th Street intermodal facility. CSX asserts that serious congestion problems near its facility have magnified its need to access and control the right-of-way. CSX maintains that GTW ceased using the line in 1996. Under its Operating Agreement with NYC, CSX Transportation, Inc. is the operator of the leased property and the entity with rights to enforce the lease, acquired as part of CSX's acquisition of certain assets of Consolidated Rail Corporation (Conrail). CSX asserts that, although it has trackage rights over the line, GTW has not allowed it to make necessary changes to utilize the track, has refused in recent years to make rent payments due under the lease agreement, and has

¹ GTW states in its February 21, 2001 Reply to CSX's Petition for Waiver that it owns Track 239 and contends that CNR is not a proper party to this proceeding. That contention would properly be the subject of a motion to dismiss accompanied by supporting evidence.
