DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Notice of Interstate Natural Gas Facility-Planning Seminar

August 18, 2000.

The Office of Energy Projects is initiating a series of public meetings around the country for the purposes of exploring and enhancing strategies for constructive public participation in the earliest stages of natural gas facility planning. The first meeting will be held in Albany, New York on Tuesday, September 26, 2000. We are inviting interstate natural gas companies; Federal, state and local agencies; landowners and other non-governmental organizations with an interest in developing a new way of doing business to join us in this effort. We will discuss the facility planning process, not the merits of any pending or planned pipelines projects.

Presentations will be made by the staff of the Commission's Office of Energy Projects, various Federal and state agencies, representatives from natural gas companies, and private landowners who have had relevant experiences. Join us as we explore how the natural gas industry has responded

to the recent Commission regulations governing project notification for affected parties and learn about new strategies being employed within various gas companies to engage the public and agencies in participatory project design. There will be substantial opportunity for the sharing of experiences and knowledge in interactive "brainstorming" sessions, so bring your ideas with you and prepare to share them.

The objectives of the meeting are:

- To explore ways of resolving issues during the applicant's pre-filing route planning, when the parties directly involved with and affected by natural gas facility siting and/or permitting can work together.
- To explore the best avenues for fostering settlements through creative issue resolution.
- To reduce the Commission's application processing time by encouraging the submission of filings with no or few contested issues.

The result will be the development of a toolbox of the best options to take to achieve faster approval by the Commission for projects required by the public convenience and necessity, fewer conditions, and a more direct path to commencement of construction.

The meeting in Albany, New York will be held at the Albany Marriott located at 189 Wolf Road, (518) 458-8444. The meeting is scheduled to start at 10:00 AM and finish at 4:00 PM. A preliminary agenda and directions to the hotel are enclosed. See attachment 2 regarding the selection of locations of future meetings.

If you plan to attend or have suggestions for the agenda, please respond by September 8, 2000 via facsimile to Pennie Louis-Partee at 202/219-2722, or you can email our team at: gasoutreach@ferc.fed.us. Please include in the response the names, addresses, and the telephone numbers of all attendees from your organization.

To help us enhance our panel discussions, please consider issues and/or questions you would like to have addressed at the meetings. If you have any questions, you may contact any of the staff listed below:

Richard Hoffmann 202/208-0066

Lauren O'Donnell 202/208-0325

Jeff Shenot 202/219-2178

Howard Wheeler 202/208-2299
