SECURITIES AND EXCHANGE COMMISSION

[File No. 500-1]

Allixon International Corp.; Order of Suspension of Trading

November 17, 2005.

It appears to the Securities and Exchange Commission that the public interest and the protection of investors require a suspension of trading in the securities of Allixon International Corp. ("AXCP"). The Commission is concerned that AXCP and/or certain of its shareholders may have unjustifiably relied on Rule 504 of Regulation D and/or provisions of Regulation S of the Securities Act of 1933 ("Securities Act") in conducting an unlawful distribution of AXCP securities that failed to comply with the resale restrictions of Rule 144 and/or Regulation S of the Securities Act. AXCP, a company that has made no public filings with the Commission or the NASD, is quoted on the Pink Sheets,

under the symbol AXCP, and has been the subject of spam e-mail touting the company's shares.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above listed company. Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the above listed company is suspended for the period from 9:30 a.m. e.s.t. November 17, 2005 through 11:59 p.m. e.s.t., on December 1, 2005.

By the Commission.

Jonathan G. Katz,
Secretary.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statment: Sanders and Flathead Counties, MT

AGENCY: Federal Highway Administration (FHWA); Department of Transportation.

ACTION: Rescind notice of intent to prepare an environmental impact statement.

SUMMARY: The FHWA is issuing this notice to advise the public that the

FHWA is rescinding the Notice of Intent (NOI) to prepare an environmental impact statement (EIS) for proposed improvements to the Thompson River Road (also known as Forest Highway 56), a county road located near Thompson Falls, Montana.

FOR FURTHER INFORMATION CONTACT:

Terri Thomas, Environmental Manager, Federal Highway Administration, 610 East Fifth Street, Vancouver, Washington 98661-3801. Telephone: (360) 619-7700. E-mail: Terri.Thomas@fhwa.dot.gov

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the U.S. Forest Service (USFS) and the Montana Department of Transportation (MDT), is rescinding the NOI published in the **Federal Register** (Volume 67, Number 236, page 73004-73005) on December 9, 2002, to prepare an EIS for proposed improvements to the Thompson River Road (Forest Highway 56) near Thompson Falls, Montana. The NOI is being rescinded due to social, environmental, and political issues associated with the proposed improvements. These issues include problems managing access to properties with the elimination of portions of the current dual road system, social and economic impacts on surrounding communities, and the lack of available "take" of the depleted grizzly bear population in the Cabinet-Yaak Ecosystem.

Benefits of the proposed improvements identified through public comments and preliminary studies included potential for improving fish and wildlife habitat within the Thompson River drainage. The proposed improvements included a plan to eliminate portions of the dual road network, which would potentially reduce river sediments and benefit recovering bull trout. An additional goal was to replace the high-speed logging road alignment with a lower-speed curvilinear alignment to reduce mortality of carnivores and other species resulting from vehicle collisions. However, the combined issues of property access, social and economic impacts, and potential impacts on the depleted population of grizzly bear in the Cabinet-Yaak Ecosystem were considered more significant than the combined potential benefits of the project. Therefore, the decision was made to stop the project and remove it from the Transportation Improvement Plan.

Notices of the decision were sent to all cooperating agencies on October 18, 2005. A press release was issued on October 18, 2005. Public involvement

meetings were held in Thompson Falls, Montana on October 19, 2005, and Libby, Montana on October 20, 2005, to inform the public of this decision. No significant opposition to stopping the project was received.

Comments or questions regarding this action should be addressed to the FHWA at the address and phone number provided above.

Dated: Issued on: November 7, 2005.

Ricardo Suarez,

Acting Division Engineer, Western Federal Lands Highway Division, Federal Highway Administration, Vancouver, Washington.
