SUPPLEMENTARY INFORMATION:

A. Purpose

The information on place of manufacture was formerly used by each Federal agency to prepare a report to Congress required by 41 U.S.C. 8302(b)(1) for Fiscal Year 2009 through 2011 on acquisitions of articles, materials, or supplies that are manufactured outside the United States. However, the data is still necessary for analysis of the application of the Buy American statute and the trade agreements and for other reports to Congress. Additionally, contracting officers require this data as the basis for entry into the Federal Procurement Data System for further data on the rationale for purchasing foreign manufactured items.
