BILLING CODE 4810-25-P

DEPARTMENT OF VETERANS AFFAIRS

Means Test Thresholds

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: As required by law, the Department of Veterans Affairs (VA) is hereby giving notice of cost-of-living adjustments (COLA) for means test income limitations. These adjustments are based on the rise in the Consumer Price Index (CPI) during the one-year period ending September 30, 2000.

DATES: These rates are effective January 1, 2001.

FOR FURTHER INFORMATION CONTACT:

Roscoe Butler, Chief Policy and Operations, Health Administration Service, (10C3), Veterans Health Administration, VA, 810 Vermont Avenue, NW., Washington, DC 20420, (202) 273-8302. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: Title 38 United States Code 1722(c), requires that on January 1 of each year, the Secretary increase the means test threshold amounts by the same percentage the maximum rates of pension benefits were increased under 38 U.S.C. 5312(a) during the preceding calendar year. Under the provisions of 38 U.S.C 5312 and section 306 of Public Law 95-588, VA is required to increase the benefit rates and income limitations in the pension and parents' indemnity compensation (DIC) program by the same percentage, and effective the same date, as increases in the benefit amount

payable under Title II of the Social Security Act.

On October 24, 2000, for the period beginning December 1, 2000, the Social Security Administration announced at 65 FR 63663 of the **Federal Register**, a 3.5 percent cost-of-living increase in Social Security Benefits under Title II of the Social Security Act. The Veteran Benefits Administration has indicated Pension benefits will be increased by a 3.5 percent cost-of-living increase effective December 1, 2000. Therefore, applying the same percentage and rounding up in accordance with 38 CFR 3.29, the following income limitations for the Means Test Thresholds will be effective January 1, 2001.

BILLING CODE 8320-01-P

DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974; System of Records

AGENCY: Department of Veterans Affairs.

ACTION: Report of New System of Records—Consolidated Data Information System—VA (97VA105).

SUMMARY: The Privacy Act of 1974 (5 U.S.C. 552(e)(4)) requires that all agencies publish in the **Federal Register** a notice of the existence and character of their system of records. Notice is hereby given that VA is adding a new system of records entitled "Consolidated Data Information System—VA" (97VA105).

DATES: Comments on the establishment of the new system of records must be received no later than February 15, 2001. If no public comment is received during the period allowed for comment or unless otherwise published in the **Federal Register** by VA, the system will become effective February 15, 2001.

ADDRESSES: Comments may be submitted to Director, Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420. Comments will be available for public inspection at the above address in the Office of Regulations Management, Room 1176, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Veterans Health Administration Privacy Act Officer (193B2), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, (727) 320-1839.

SUPPLEMENTARY INFORMATION: Under Section 527 of Title 38, U.S.C., and the Government Performance and Results Act of 1993, Pub. L. 103-62, VA is required to measure and evaluate, on an ongoing basis, the effectiveness of VA benefit programs and services. In performing this required function, VA must collect, collate and analyze full statistical data regarding participation, provision of services, categories of beneficiaries, and planning of expenditures for all VA programs. For this reason, VA is establishing a new system of records, which combines information from several existing systems of records with information from non-VA sources. This combined database is necessary for VA to accurately and timely assess the current health care usage by the patient population served by VA, to forecast

future demand for VA medical care by individuals currently eligible for service by VA medical facilities, and to understand the numerous implications of cross-utilization between VA and non-VA health care systems.

Records from the Patient Medical Record System (24VA136), the Patient Fee Basis Medical and Pharmacy Records (23VA136), Veterans and Beneficiaries Identification and Records Location Subsystem (38VA23), Compensation, Pension, Education and Rehabilitation Records (58VA21/22), and Automated Medication Processing Records (56VA119) will be incorporated into this new system of records. Specific request files will be created for use in submitting requests for veteran-specific data from the Health Care Financing Administration (HCFA), the Department of Defense (DoD), and other non-VA data sources including state Medicaid databases. The new database will be created by including Medicare data records on utilization and enrollment for all VA users, enrollees and special category veterans. Utilization and enrollment data will also be extracted from the DoD military personnel system of records in order to supplement VA's database. This system will not be used by VA to make any determinations as to individual veteran's benefits. Because the exchange of data among VA, HCFA, DoD, and any other non-VA agencies will be only for the purpose of identifying current health care usage and forecasting future health care usage by VA beneficiaries, the computer matching provision of the Privacy Act does not apply.

VA will maintain the system of records in electronic form at VA Management Science Group, Bedford, Massachusetts, and VA Information Resource Center, Hines, Illinois. Copies or parts of these records may be maintained at VA Automation Center, Austin, Texas, and VA Allocation Resource Center, Braintree, Massachusetts. Multiple sites are needed because VA data files will be drawn from multiple locations and merged data files will be very large. Data in the system of records will include names, social security numbers (SSNs), demographic and health services utilization data for all VHA users and special veteran populations; inpatient, outpatient, physician supplier, nursing home, hospice, home care, and durable medical equipment data from HCFA; and utilization and enrollment data from DoD. The new database will be used to produce reports for statistical analyses on, for example: (1) The number of Medicare-eligible users who obtain health care services from VA,
