#### SUPPLEMENTARY INFORMATION:

■ **Title:** Reparations Complaint, CFTC Form 30 (OMB Control No. 3038-0115). This is a request for extension of a currently approved information collection.

**Abstract:** Pursuant to Section 14 of the Commodity Exchange Act, members of the public may apply to the Commission to seek damages against

Commission registrants for alleged violations of the Act and/or Commission regulations. The legislative intent of the Reparations program was to provide a low-cost, speedy, and effective forum for the resolution of customer complaints and to sanction individuals and firms found to have violated the Act and/or any regulations.

In 1984, the Commission promulgated Part 12 of the Commission regulations to administer Section 14. Rule 12.13 provides the standards and procedures for filing a Reparations complaint. Specifically, paragraph (b) describes the form and content requirements of a complaint. CFTC Form 30 mirrors the requirements set forth in paragraph (b).

The Commission began utilizing Form 30 in or about 1984. The form was created to assist customers, who are typically *pro se* and non-lawyers. It was also designed as a way to provide proper notice to respondents of the charges against them. This form is critical to fulfilling this policy goal.<sup>2</sup>

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On May 11, 2021, the Commission published in the **Federal Register** a notice of the proposed extension of this information collection and provided 60 days for public comment, at 86 FR 25845 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

**Burden Statement:** The respondent burden for this collection is estimated to be as follows:

**Respondents/Affected Entities:** Commodity futures customers.

**Estimated Number of Respondents:** 24.

**Estimated Average Burden Hours per Respondent:** 1.5.

**Estimated Total Annual Burden Hours:** 36.

**Frequency of Collection:** As applicable.

There are no capital costs or operating and maintenance costs associated with this collection.
