Applicants' Representations

1. Nationwide is a stock life insurance company organized under the laws of the State of Ohio. Nationwide is licensed to do business in the fifty states, the District of Columbia, and Puerto Rico. Nationwide offers traditional group and individual life insurance products as well as group and individual fixed and variable annuity contracts. Nationwide is a wholly owned subsidiary of Nationwide Financial Services, Inc. ("NFS"). NFS, a Delaware corporation, is a publicly traded holding company with two classes of common stock outstanding, each with different voting rights. This enables Nationwide Corporation (the holder of all the outstanding Class B Common Stock) to control NFS. Nationwide Corporation stock is held by Nationwide Mutual Insurance Company (95.24%) and Nationwide Mutual Fire Insurance Company (4.76%), the ultimate controllers of Nationwide.

2. The Separate Account was established by Nationwide for the purpose of funding variable annuity contracts. The Separate Account was established under Ohio law on March 3, 1976 as a segregated asset account of

Nationwide and is registered under the 1940 Act as a unit investment trust (File No. 811-2716). The Separate Account supports Deferred Variable Annuity Contracts (the "Contracts") registered under the Securities Act of 1933 (File Nos. 2-58043, 333-80481). Applicants incorporate by reference the registration statements corresponding to the aforementioned Contracts to the extent necessary to support and supplement the descriptions and representations in this Amended Application.

3. The Contracts may be sold to individuals as: (i) Individual Retirement Annuities ("IRAs") which are governed by Section 408(b) of the Internal Revenue Code ("Code"); (ii) Simple IRAs which are governed by Section 408(p) of the Code; (iii) SEP IRAs which are governed by Section 408(k) of the Code; (iv) Roth IRAs which are governed by Section 408A of the Code; or (v) qualified Contracts (to qualified plans on behalf of plan participants) which may qualify for special tax treatment under Section 401 of the Code. The Contracts are not sold as non-qualified annuities.

4. Each Contract has a variable investment component that allows the investor to allocate purchase payments among a specific menu of underlying mutual fund options. One of the Contracts (File No. 2-58043) provides for a fixed account allocation which is supported by the assets of Nationwide's general account. The other Contract (File No. 333-80481) permits allocations to Nationwide's Guaranteed Term Options ("GTOs"). The GTOs provide a guaranteed rate of interest over four different maturity durations: three (3), five (5), seven (7), or ten (10) years. For the duration selected, Nationwide declares a guaranteed interest rate and credits that rate to amounts allocated to the GTO. If the investor withdraws allocations from the GTO prior to the end of the interest rate guarantee period, the withdrawal is subject to a market value adjustment.

5. The Separate Account maintains separate sub-accounts for each underlying mutual fund available under the Contracts. The mutual funds are the underlying investments on which the performance for each Contract is based. Contract owners may currently choose to have purchase payments allocated to one or more sub-accounts which invest in the underlying mutual funds.

6. The prospectus portion of the registration statements for the Contracts contains provisions stipulating Nationwide's right to substitute shares of one underlying mutual fund for shares of another underlying mutual fund already purchased or to be
