

burden estimate of 1,925,000 hours to reflect a decrease in the approximate number of dealers.

The Rule requires that used car dealers display a one-page, double-sided Buyers Guide in the window of each used car they offer for sale. The component tasks associated with this requirement include: (1) Ordering and stocking Buyers Guide forms; (2) entering applicable data on Buyers Guides; (3) posting the Buyers Guides on vehicles; and (4) making any necessary revisions in Buyers Guides.

Dealers should need no more than an average of one hour per year to obtain Buyers Guide forms, which are readily available from many commercial printers or can be produced by an office word-processing or desk-top publishing system.<sup>5</sup> Based on a universe of 76,000 dealers, the annual hours burden for producing or obtaining and stocking Buyers Guides is 76,000 hours.

For used cars sold "as is," copying vehicle-specific data from dealer inventories to the Buyers Guide forms and checking off the "no warranty" box may take up to two minutes per vehicle if done by hand, and only seconds for those dealers who have automated the process. Staff conservatively assumes that this task, on average, will require 1.5 minutes. For used cars sold under warranty, checking off the warranty box and adding warranty information may take an additional one minute, *i.e.*, 2.5 minutes. Based on input from industry sources, staff estimates that approximately 60% of used cars sold by dealers are sold "as is," with the remainder sold under warranty. Thus, staff estimates the time required to enter data for used cars sold without warranty is 450,000 hours [(30,000,000 × 60% × 1.5 minutes) ÷ 60 minutes/hour] and 500,000 hours for used cars sold under warrant [(30,000,000 × 40% × 2.5

minutes) ÷ 60 minutes/hour], for an overall total of 950,000 hours.

Although the time required to post the Buyers Guide on each used car may vary substantially, FTC staff estimates that, on average, dealers will spend 1.75 minutes per vehicle to match the correct Buyers Guide to the vehicle and place it on or on the vehicle. For the 30,000,000 vehicles sold the burden associated with this task is 875,000 hours. To the extent dealers are able to integrate this process into other activities performed in their ordinary course of business, this estimate likely overstates the actual burden.

If negotiations between buyer and seller over warranty coverage produce a sale on terms other than those originally entered on the Buyers Guide, the dealer must revise the Guide to reflect the actual terms of sale. According to the rulemaking record, bargaining over warranty coverage rarely occurs. Allowing for revision in 2% of sales, at two minutes per revision, staff estimates that dealers will spend 20,000 hours annually revising Buyers Guides.

*Estimated annual cost burden:* \$29,651,000, consisting of \$20,651,000 in labor costs and \$9,000,000 in non-labor costs.

*Labor costs:* Labor costs are derived by applying appropriate hourly cost figures to the burden hours described above. Staff has determined that all of the tasks associated with ordering forms, entering data on Buyers Guides, posting Buyers Guides on vehicles, and revising them as needed are typically done by clerical or low-level administrative personnel. Using a clerical cost rate of \$10.75 per hour and an estimate of 1,921,000 burden hours for disclosure requirements, the total labor cost burden would be approximately \$20,651,000

*Capital or other non-labor costs:* The cost of the Buyers Guide form itself is estimated to be 30 cents per form, so

that forms for 30 million vehicles would cost dealers \$9,000,000. In making this estimate, staff conservatively assumes that all dealers will purchase reprinted forms instead of producing them internally, although dealers may produce them at minimal expense using current office automation technology. Capital and start-up costs associated with the Rule are minimal.

**FEDERAL TRADE COMMISSION**

**Granting of Request for Early Termination of the Waiting Period Under the Premerger Notification Rules.**

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.
