SUPPLEMENTARY INFORMATION:

Title: Equal Opportunity Compliance Review Record.

OMB Number: OMB-0596-New.

Expiration Date of Approval: 11/30/2018.

Type of Request: New.

Abstract: All Federal agencies must comply with equal opportunity laws:

- Title VI of the Civil Rights Act of 1964, as amended;
- Title IX of the Education Amendments Act of 1972;
- The Age Discrimination Act of 1975, as amended;
- Section 504 of the Rehabilitation Act of 1973, as amended; and
- Executive orders prohibiting discrimination in the delivery of all program and services to the public.

Federal agencies and entities receiving Federal Financial Assistance are prohibited from discriminating. Federal Financial Assistance is defined as, "Federal monies given by grants, cooperative agreements, commercial special use permits, training, loan/temporary assignment of Federal personnel, loan/use of Federal property at below market value."

The equal opportunity laws require agencies to conduct compliance reviews to ensure that entities receiving Federal Financial Assistance from the government are adhering to the nondiscrimination statutes. The statutes require that prior to awarding support or issuing permits, the Federal government shall conduct pre-award reviews to ensure that potential recipients understand their responsibilities to provide services equitable pursuant to the law. Thereafter, during the partnership with the agency, ongoing monitoring will take place to ensure the public is being served without any barriers or discrimination.

Forest Service employees will use form FS-1700-6, Equal Opportunity Compliance Review Record, to document demographics (race, ethnicity, and gender) and collect information regarding actions taken by recipients of Federal financial assistance

to ensure the public receives services without discrimination or barriers to access, and that recipients' employees understand their customer services role.

Collection will occur during face-to-face meetings or telephone interviews conducted by Forest Service employees as part of the pre-award and post award process. The pre-award interview will take place prior to the award of a grant, signing of a cooperative agreement, letting of commercial special use permit, or similar activity. The post award interview will take place once every 5 years, or upon report/discovery of discrimination.

The information collected will only be shared with other Federal agencies who share in the financial assistance activities with the Forest Service. Monitoring reviews have been a responsibility of the Federal government since 1964. Without the ability to monitor recipients of Federal financial assistance, the Forest Service would not be able to ensure compliance with laws and statutes. The Agency would not be aware of potential violations, thereby resulting in potential discriminatory practices.

Affected Public: Recipients of Federal financial assistance.

Estimate of Burden per Response: One.

Estimated Annual Number of Respondents: 11,000.

Estimated Annual Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 11,000.

SUPPLEMENTARY INFORMATION:

Background

Rural Development improves the quality of life in rural America by offering loans, grants and loan guarantees to help create jobs and support economic development and essential services such as housing; health care; first responder services and equipment; and water, electric and

communications infrastructure. The Agencies programs promote economic development by supporting loans to businesses through banks, credit unions and community-managed lending pools. Many of Rural Development's programs offer priority funding for loans and grants located in persistent poverty counties. The term "persistent poverty counties" means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial census and 2007–2011 American Community Survey 5-year average, or any territory or possession of the United States.

The Further Consolidated Appropriations Act, 2020 (Pub. L. 116–94) enacted on December 20, 2019, contained provisions affecting persistent poverty counties and the allocation of funds for persistent poverty counties.
