ended on August 15, 2002. Contact: (Libby Pemberton)

On July 30, 2002, for the use of zetacypermethrin on flax to control grasshoppers. This program ended on September 15, 2002. Contact: (Libby Pemberton)

Specific: EPA authorized the use of azoxystrobin on chickpeas to control Ascochyta blight; July 1, 2002 to August 31, 2002. Contact: (Libby Pemberton)

#### Oregon

Department of Agriculture

Specific: EPA authorized the use of fludioxonil on peaches to control brown rot, gray mold, and *Rhizopus* rot; July 2, 2002 to September 30, 2002. Contact: (Andrew Ertman)

EPA authorized the use of fludioxonil on cherries to control brown rot, gray mold, and *Rhizopus* rot; July 2, 2002 to August 15, 2002. Contact: (Andrew Ertman)

EPA authorized the use of cyfluthrin and chlorpyrifos-methyl on wheat to control the lesser grain borer; August 1, 2002 to July 31, 2003. Contact: (Andrew Ertman)

EPA authorized the use of cyfluthrin and chlorpyrifos-methyl on barley to control the lesser grain borer; August 1, 2002 to July 31, 2003. Contact: (Andrew Ertman)

EPA authorized the use of ethoprop on baby mint to control garden symphylan; August 19, 2002 to September 15, 2002. Contact: (Dan Rosenblatt)

EPA authorized the use of chlorine dioxide on stored potatoes to control late blight; August 31, 2002 to August 31, 2003. Contact: (Andrew Ertman)

# Pennsylvania

Department of Agriculture *Specific*: EPA authorized the use of sulfentrazone on strawberries to control common groundsel; June 26, 2002 to December 15, 2002. Contact: (Andrew Ertman)

## South Dakota

Department of Agriculture
Specific: EPA authorized the use of
azoxystrobin on chickpeas to control
Ascochyta blight; July 1, 2002 to August
31, 2002. Contact: (Libby Pemberton)
EPA authorized the use of cyfluthrin
and chlorpyrifos-methyl on stored
grains to control the lesser grain borer;
July 24, 2002 to July 17, 2003. Contact:
(Andrew Ertman)

#### Tennessee

Department of Agriculture Specific: EPA authorized the use of carbofuran on cotton to control aphids; August 2, 2002 to October 30, 2002. Contact: (Dan Rosenblatt)

## Texas

Department of Agriculture Specific: EPA authorized the use of fenbuconazole on grapefruit to control greasy spot disease; August 9, 2002 to August 9, 2003. Contact: (Andrea Conrath)

EPA authorized the use of bifenthrin on sorghum grown for seed to control banks grass mite; August 16, 2002 to August 16, 2003. Contact: (Andrea Conrath)

EPA authorized the use of chlorine dioxide on stored potatoes to control late blight; August 31, 2002 to August 31, 2003. Contact: (Andrew Ertman) EPA authorized the use of diuron on catfish ponds to control blue-green algae; September 10, 2002 to September 10, 2003. Contact: (Libby Pemberton)

# Utah Department of Agric

Department of Agriculture *Crisis*: On May 14, 2002, for the use of diflubenzuron on alfalfa to control grasshoppers and crickets. This program ended on October 31, 2002. Contact: (Andrea Conrath)

Specific: EPA authorized the use of diflubenzuron on alfalfa to control grasshoppers and crickets; September 13, 2002 to October 31, 2002. Contact: (Andrea Conrath)

#### Virginia

Department of Agriculture and Consumer Services

Specific: EPA authorized the use of tebufenozide on grapes to control Grape berry moth; July 5, 2002 to October 1, 2002. Contact: (Barbara Madden)

#### Washington

Department of Agriculture *Crisis*: On June 21, 2002, for the use of azoxystrobin on chickpeas to control *Ascochyta* blight. This program ended on September 30, 2002. Contact: (Libby Pemberton)

Specific: EPA authorized the use of azoxystrobin on chickpeas to control *Ascochyta* blight; July 1, 2002 to September 30, 2002. Contact: (Libby Pemberton)

EPA authorized the use of zinc phosphide on timothy and timothy legume mixtures to control vole complex; July 25, 2002 to May 1, 2003. Contact: (Libby Pemberton) EPA authorized the use of cyfluthrin and chlorpyrifos-methyl on wheat to control the lesser grain borer; August 1, 2002 to July 31, 2003. Contact: (Andrew Ertman)

EPA authorized the use of cyfluthrin and chlorpyrifos-methyl on barley to control the lesser grain borer; August 1, 2002 to July 31, 2003. Contact: (Andrew Ertman)

EPA authorized the use of chlorine dioxide on stored potatoes to control late blight; August 31, 2002 to August 31, 2003. Contact: (Andrew Ertman)

Wisconsin

Department of Agriculture, Trade, and Consumer Protection Specific: EPA authorized the use of chlorine dioxide on stored potatoes to control late blight; August 31, 2002 to August 31, 2003. Contact: (Andrew Ertman)

The QTRACER2 Program for Tracer-Breakthrough Curve Analysis for Tracer Tests in Karst Aquifers and Other Hydrologic Systems; and A Lexicon of Cave and Karst Terminology With Special Reference to Environmental Karst Hydrology

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of availability of two final reports and CD–ROMs.

SUMMARY: This notice announces the availability of two final reports, The QTRACER2 Program for Tracer-Breakthrough Curve Analysis for Tracer Tests in Karst Aquifers and Other Hydrologic Systems (EPA/600/R–02/001, May 2002, which supercedes EPA/600/R–98/156a and 156b, February 1999), and A Lexicon of Cave and Karst Terminology with Special Reference to Environmental Karst Hydrology (EPA/600/R–02/003, February 2002, which supercedes EPA/600/R–99/006). These reports were prepared by the U.S.

Environmental Protection Agency's (EPA) National Center for Environmental Assessment (NCEA) of the Office of Research and Development (ORD).

The OTRACER2 Program for Tracer-Breakthrough Curve Analysis for Tracer Tests in Karstic Aquifers and Other Hydrologic Systems is a detailed users manual with a CD-ROM. QTRACER2 takes basic input data obtained at the start and finish of a hydrologic tracer test and performs the basic calculations (e.g., numerical integrations necessary for extracting critical hydraulic and geometric information about the flow system under investigation). The executable code, source code, additional related programs, and several example data files are all contained on a CD-ROM. QTRACER2 is an update of the previously released QTRACER to run under Windows with considerable mouse support, including some minor bug fixes and expanded analysis capabilities. For example, short- and long-term pulse tracer releases and continuous tracer releases can now be adequately addressed by QTRACER2.

A Lexicon of Cave and Karst
Terminology with Special Reference to
Environmental Karst Hydrology is a
substantial listing and cross-referencing
of major and minor karst-related
terminology. This updated version
contains some corrections to the
previous version and includes
numerous biological and ecological
terms that were not included in the
original release. It includes numerous
foreign terms because so much of the
literature is developed in other
countries and often published in
somewhat unknown journals.

**DATES:** These documents will be available November 27, 2002.

ADDRESSES: These documents are available electronically through the NCEA Web site at (www.epa.gov/ncea). A limited number of paper copies and CDs will be available from the EPA's National Service Center for Environmental Publications (NSCEP), PO Box 42419, Cincinnati, OH 45242; telephone: 1-800-490-9198 or 513-489-8190; facsimile: 513-489-8695; or via the Internet at http://www.epa.gov/ NCEPIhome/orderpub.html). Please provide your name, mailing address, the title, and EPA number of the requested publication when ordering from NSCEP. Copies may also be purchased from the National Technical Information Service (NTIS) in Springfield, Virginia; telephone: 1-800-553-NTIS[6847] or 703-605-6000; facsimile: 703-321-8547. When ordering from NTIS please provide the following numbers:

PB2002–107662 (for QTRACER2) and PB2002–107663 (Lexicon).

FOR FURTHER INFORMATION CONTACT: For further information, please contact Malcolm Field (202–564–3279) mailing address: National Center for Environmental Assessment/Washington Office (8623D), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; facsimile: 202–565–0079; e-mail: field.malcolm@epa.gov.

Dated: November 17, 2002.

# ENVIRONMENTAL PROTECTION AGENCY

[FRL-7392-9]

Proposed Administrative Settlement Under the Comprehensive Environmental Response, Compensation, and Liability Act

**AGENCY:** Environmental Protection Agency.

**ACTION:** Request for public comment.

**SUMMARY:** The Environmental Protection Agency is proposing to enter into a de minimis settlement pursuant to Section 122(g)(4) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (CERCLA), 42 U.S.C. 9622(g)(4). This proposed settlement is intended to resolve the liability under CERCLA of CSS International Corporation ("Settling Party") for response costs incurred and to be incurred at the Malvern TCE Superfund Site, East Whiteland and Charlestown Townships, Chester County, Pennsylvania, relating to the Malvern TCE Superfund Site ("Site").

**DATES:** Comments must be provided by December 27, 2002.

ADDRESSES: Comments should be addressed to Suzanne Canning, Docket Clerk, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, PA 19103–2029, and should refer to the Malvern TCE Superfund Site, East Whiteland Township, Chester County, Pennsylvania.

FOR FURTHER INFORMATION CONTACT: Joan A. Johnson (3RC41), 215/814–2619, U.S. Environmental Protection Agency, 1650 Arch Street, Philadelphia, Pennsylvania 19103–2029.

**SUPPLEMENTARY INFORMATION:** Notice of *de minimis* Settlement: In accordance

with Section 122(i)(1) of CERCLA, 42 U.S.C. 9622(i)(1), notice is hereby given of a proposed administrative settlement concerning the Malvern TCE Superfund Site, in East Whiteland Chester County, Pennsylvania. The administrative settlement is subject to review by the public pursuant to this Notice.

The Settling Party has agreed to pay \$100 to the Hazardous Substances Trust Fund subject to the contingency that EPA may elect not to complete the settlement if comments received from the public during this comment period disclose facts or considerations which indicate the proposed settlement is inappropriate, improper, or inadequate. This amount to be paid by the Settling Party was based upon EPA's review of financial information relating to the Settling Party and a determination by EPA that the Settling Party has a limited ability to pay monies to settle EPA's claims. Monies collected from the Settling Party will be applied towards past and future response costs incurred by EPA or PRPs performing work at or in connection with the Site.

EPA is entering into this agreement under the authority of sections 107 and 122(g) of CERCLA, 42 U.S.C. 9607 and 9622(g). Section 122(g) authorizes early settlements with *de minimis* parties to allow them to resolve their liabilities at Superfund Sites without incurring substantial transaction costs. Under this authority, EPA proposes to settle with Settling Party in connection with the Site, based upon a determination that Settling Party is responsible for 0.75 percent or less of the volume of hazardous substance sent to the Site.

The Environmental Protection Agency will receive written comments relating to this settlement for thirty (30) days from the date of publication of this Notice. A copy of the proposed Administrative Order on Consent can be obtained from Joan A. Johnson (3RC41), U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania, 19103–2029, or by contacting Joan A. Johnson at (215) 814–2619.

Dated: September 23, 2002.
