

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****[Docket Number FRA–2022–0030]****Petition for Waiver of Compliance**

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on March 31, 2022, Arcade and Attica Railroad Corporation (ARA) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 223, Safety Glazing Standards—Locomotives, Passenger Cars and Cabooses. FRA assigned the petition Docket Number FRA–2022–0030.

Specifically, ARA requests a waiver from the glazing regulations in 49 CFR part 223 for one locomotive, #113. ARA states that the locomotive is equipped with one-quarter-inch safety glass, consisting of two glass plates with a laminating material. In support of its request, ARA states that it is a short line historic railroad and freight carrier serving two customers on 15 miles of track at slow speeds, installing custom glazing would be cost prohibitive, and it reports no vandalism or window breakage issues in the past.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted at <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Communications received by June 27, 2022 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an

association, business, labor union, etc.). Under 5 U.S.C. 553(c), the U.S. Department of Transportation (DOT) solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at <https://www.transportation.gov/privacy>. SUPPLEMENTARY INFORMATION: Title 5, Code of Regulations (CFR) section 1320.8(d), requires PHMSA to provide interested members of the public and affected agencies the opportunity to comment on information collection and recordkeeping requests before they are submitted to OMB for approval. In accordance with this regulation, on February 2, 2022, (87 FR 5937) PHMSA published a **Federal Register** notice with a 60-day comment period soliciting comments on its plan to request the renewal of the four impacted information collections abstracted below. PHMSA received no comments in response to these information collection renewal requests. This notice announces that PHMSA will submit the following four information collection requests to the OMB for renewal.

The following information is provided for each of these information collections: (1) Title of the information collection; (2) OMB control number; (3) Current expiration date; (4) Type of request; (5) Abstract of the information collection activity; (6) Description of affected public; (7) Estimate of total annual reporting and recordkeeping burden; and (8) Frequency of collection.

PHMSA will request a three-year term of approval for each of the following information collection activities.

1. *Title:* Response Plans for Onshore Oil Pipelines.

OMB Control Number: 2137–0589.

Current Expiration Date: 6/30/2022.

Type of Request: Renewal without change of a currently approved information collection.

Abstract: Title 49 CFR part 194 requires an operator of an onshore oil pipeline facility to prepare and submit an oil spill response plan to PHMSA for review and approval. This mandatory recordkeeping requirement details operators' plans to prepare for emergency situations involving oil spills. This mandatory information collection is used by PHMSA to determine if an operator is compliant with the requirements in part 194. Plans are submitted and/or updated annually. This information collection covers operators' submission of facility response plans for onshore hazardous liquid pipeline facilities.

Affected Public: Operators of onshore oil pipeline facilities.

Annual Reporting and Recordkeeping Burden:

Total Annual Responses: 540.

Total Annual Burden Hours: 73,980.

Frequency of Collection: On occasion.

2. *Title:* Pipeline Integrity Management in High Consequence
