[Docket No. RM06-7-001; Order No. 686-A]

18 CFR Part 157

Revisions to the Blanket Certificate Regulations and Clarification Regarding Rates

Issued June 22, 2007.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Final rule; order on rehearing and clarification.

SUMMARY: On October 19, 2006, the Commission issued a Final Rule amending its regulations to expand the scope and scale of activities that may be undertaken pursuant to blanket certificate authority and clarifying that existing Commission policies permit natural gas companies to charge different rates to different classes of customers. The revised regulations allow interstate natural gas pipelines to employ the streamlined blanket certificate procedures for larger projects and for a wider variety of types of projects, thereby increasing efficiencies, and decreasing time and costs, associated with the construction and maintenance of the nation's natural gas infrastructure. The Commission grants in part, and denies in part, requests for rehearing and clarification of the Final Rule.

DATES: The amendments in this final rule are effective August 9, 2007, except that the amendment to § 157.206 (b)(5)(i) is effective November 7, 2007. Requests for clarification are granted and denied, and requests for rehearing are denied, effective August 9, 2007. The request for rehearing with respect to the measurement of compressor noise is granted, effective November 7, 2007.
