SUPPLEMENTARY INFORMATION:

Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10175 Certification Statement for Electronic File Interchange Organizations that Submit National Provider Identifier data to the National Plan and Provider Enumeration System

CMS-2552-10 Hospital and Hospital Health Care Cost Report

Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires Federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collections

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Certification Statement for Electronic File Interchange Organizations (EFIOs) that submit National Provider Identifier (NPI) data to the National Plan and Provider Enumeration System (NPPEs); *Use:* the EFI process allows organizations to submit NPI application information on large numbers of providers in a single file. Once it has been obtained and formatted the necessary provider data, the EFIO can electronically submit the file to NPPEs for processing. As each file can contain up to approximately 25,000 records, or provider applications, the EFI process greatly reduces the paperwork and overall administrative burden associated with enumerating providers. It is essential to collect this information from the EFIO to ensure that the EFIO understands its legal responsibilities as an EFIO and attests that it has the authority to act on behalf of the providers for whom it is submitting

data. In short, the certification statement, which must be signed by an authorized official of the EFIO, serves as a safeguard against EFIOs attempting to obtain NPIs for illicit or inappropriate purposes. *Form Number:* CMS-10175 (OMB control number 0938-0984); *Frequency:* Once, Annually; *Affected Public:* Private Sector, State, Business, and Not-for Profits; *Number of Respondents:* 36; *Number of Responses:* 36; *Total Annual Hours:* 9. (For questions regarding this collection contact Katie Brooks at 667-414-0612.)

2. *Type of Information Collection Request:* Revision of previously approved collection; *Title of Information Collection:* Hospital and Health Care Complex Cost Report; *Use:* CMS requires the Form CMS-2552-10 to determine a hospital's reasonable cost incurred in furnishing medical services to Medicare beneficiaries and calculate the hospital reimbursement. Hospitals paid under a prospective payment system (PPS) may receive reimbursement in addition to the PPS for hospital-specific adjustments such as Medicare reimbursable bad debts, disproportionate share, uncompensated care, direct and indirect medical education costs, and organ acquisition costs. CMS uses the Form CMS-2552-10 for rate setting; payment refinement activities, including developing a hospital market basket; and Medicare Trust Fund projections; and to support program operations. Additionally, the Medicare Payment Advisory Commission (MedPAC) uses the hospital cost report data to calculate Medicare margins (a measure of the relationship between Medicare's payments and providers' Medicare costs) and analyze data to formulate Medicare Program recommendations to Congress.

This submission seeks to revise the information collection request. The changes for Form CMS-2552-10 are as follows:

- add Worksheet E-90, Payment Adjustment For Establishing And Maintaining Access to a Buffer Stock Of Essential Medicines
- add Worksheet E-95, Payment Adjustments For Domestic NIOSH-Approved Surgical N-95 Respirators

Form Number: CMS-2552-10 (OMB control number: 0938-0050); *Frequency:* Occasionally; *Affected Public:* Private Sector; Business or other for-profit and not-for-profit institutions; *Number of Respondents:* 6,044; *Total Annual Responses:* 6,044; *Total Annual Hours:* 4,079,700. (For policy questions

regarding this collection contact Gail Duncan at 410-786-7278.)
