Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes From the Republic of Korea, Mexico, and the Republic of Turkey: Continuation of the Antidumping Duty Orders and Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) in their five-year (sunset) reviews that revocation of the antidumping duty (AD) orders on heavy walled rectangular welded carbon steel pipes and tubes (HWR pipes and tubes) from the Republic of Korea (Korea), Mexico, and the Republic of Turkey (Turkey) and the countervailing duty (CVD) order on HWR pipes and tubes from Turkey would likely lead to a continuation or recurrence of dumping and net countervailable subsidies, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD orders on HWR pipes and tubes from Korea, Mexico, and Turkey, and the CVD order on HWR pipes and tubes from Turkey.

DATES: Applicable April 1, 2022.

FOR FURTHER INFORMATION CONTACT: Samantha Kinney or Katherine Johnson (AD), and Jaron Moore (CVD), AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2285, (202) 482-4929, or (202) 482-3640, respectively.

SUPPLEMENTARY INFORMATION:

Background

On September 13, 2016, Commerce published in the **Federal Register** the AD orders on HWR pipes and tubes from Korea, Mexico, and Turkey, and the CVD order on HWR pipes and tubes

from Turkey.¹ On August 2, 2021, the ITC instituted² and Commerce initiated³ the first five-year (sunset) reviews of the *AD Orders*, and the *CVD Order*, pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *AD Orders* would likely lead to a continuation or recurrence of dumping, and that revocation of the *CVD Order* would be likely to lead to the continuation or recurrence of countervailable subsidies.⁴ Therefore, Commerce notified the ITC of the magnitude of the margins of dumping and level of countervailable subsidy rates likely to prevail were the orders to be revoked.⁵

On March 23, 2022, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *AD Orders*, and the *CVD Order*, would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁶

Scope of the Orders⁷

The merchandise covered by the *Orders* is certain heavy walled rectangular welded steel pipes and tubes of rectangular (including square) cross section, having a nominal wall thickness of not less than 4 mm. The merchandise includes, but is not limited to, the American Society for Testing and Materials (ASTM) A-500, grade B specifications, or comparable domestic or foreign specifications.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *AD Orders* and the *CVD Order* would likely lead to a continuation or recurrence of dumping, net countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. Dated: March 28, 2022.

Assistant Secretary for Enforcement and Compliance.
