SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Application for AFROTC Membership, OMB Number 0701-0105.

Needs and Uses: Air Force ROTC uses the AFROTC Form 20 to collect data from applicants to the Air Force ROTC program. This collected data is used to determine whether or not an applicant is eligible to join the Air Force ROTC program and, if accepted, the enrollment status of the applicant within the program. Upon acceptance into the program, the collected information is used to establish personal records for Air Force ROTC cadets. Eligibility for membership cannot be determined if this information is not collected.

Affected Public: Individuals or households.

Annual Burden Hours: 4,000.

Number of Respondents: 12,000.

Responses per Respondent: 1.

Average Burden per Response: 20 minutes.

Frequency: On occasion.

Respondents are college students desiring to join the Air Force ROTC program. AFROTC Form 20 provides vital information needed by detachment personnel to determine their eligibility to participate in that program.

Dated: May 21, 2014.

Proposed Collection; Comment Request

AGENCY: United States Air Force Academy, Department of the Air Force, Department of Defense.

ACTION: Notice.

In compliance with Section 3506(c)(2)(A) of the *Paperwork Reduction Act of 1995*, the Department of the Air Force announces a reinstatement of a public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by July 28, 2014.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number

Nomination For Appointment To The United States Military Academy, Naval Academy or Air Force Academy, DD FORM 1870; United States Air Force Drug and Alcohol Abuse Certificate, AF Form 2030; Application for Appointment to the United States Air Force Academy, AF Form 1786; United States Air Force Academy Candidate Writing Sample, USAFA Form 0-878; United States Air Force Academy School Official's Evaluation of Candidate, USAFA Form 145; United States Air Force Academy Candidate Personal Data Record, USAFA Form 146, United States Air Force Academy Candidate Activities Record, USAFA Form 147; United States Air Force Academy Request for Secondary School Transcript, USAFA Form 148; Air Force Academy PreCandidate Questionnaire, USAFA Form 149; and Candidate Fitness Assessment, USAFA Form 158; OMB Control Number 0701-XXXX.

Needs and Uses

The information collection requirement is necessary in order to determine which candidates have been nominated by their Congress person or Senator; to evaluate background and aptitude for commissioned service; to provide a candidate's participation in athletic and non-athletic extracurricular activities, family and personal background, and academic and school background data by a candidate's high school official. This data collection also includes eligibility by verification of age, U.S. citizenship, law infractions, schooling beyond high school, previous active duty tours, and previous applications to service academies. Without this information it would be difficult to accurately determine a candidate's leadership, academic, physical abilities and if an initial applicant would be qualified to enter the candidate phase of the process. Final USAF Academy selections could not be made if reviewing committees are not able to determine whether basic requirements have or have not been met.

Affected Public: Individuals or households, Not-for-profit institutions.

Annual Burden Hours: 117,570.

Number of Respondents: 58,785.

Responses per Respondent: 1.

Average Burden per Response: 2 hours.

Frequency: On occasion.

Respondents are candidates applying to the Air Force Academy, instructors of candidates, and their high school counselors. Information collection is necessary in order to determine which candidates have been nominated by their Congress person or Senator; to evaluate background and aptitude for commissioned service; to provide a candidate's participation in athletic and non-athletic extracurricular activities, family and personal background, and academic and school background data by a candidate's high school official. This data also includes eligibility by verification of age, U.S. citizenship, law infractions, schooling beyond high school, previous active duty tours, and previous applications to service academies. It is also necessary in order to provide a candidate opportunity to show through English, Math, or other instructors that they can meet Air Force academic performance. This data allows the selection panel to evaluate the "whole person" concept. Without this information it would be difficult to accurately determine if an initial applicant would be qualified to enter into the candidate phase of the process. It would also be difficult to accurately determine a candidate's leadership abilities, physical stamina, and academic abilities. Final USAF Academy selections could not be made if reviewing committees are not able to determine if basic requirements have or have not been met.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: DoD National Defense Science and Engineering Graduate (NDSEG) Fellowships Program; National Defense Science and Engineering Graduate Fellowship Application; OMB Control Number 0701-0154.

Needs and Uses: Support of Science, Mathematics, and Engineering Education, 10 U.S.C. 2191, states that

"the Secretary of Defense shall prescribe regulations providing for the award of fellowships to citizens and nationals of the United States who agree to pursue graduate degrees in science, engineering or other fields of study designed by the Secretary (of Defense) to be priority interest to the DoD. Recipients shall be selected on the basis of nationwide competition. The DoD is committed to increasing the number of quality of the nation's scientists and engineers. Application information will be used for evaluation and selection of students to be awarded fellowships. Failure to respond renders the student ineligible for a fellowship.

Affected Public: Individuals or households.

Annual Burden Hours: 36,000 hours.

Number of Respondents: 3,000.

Responses per Respondent: 1.

Average Burden per Response: 12 hours.

Frequency: Annually.

Respondents are students enrolled in doctoral programs in science and engineering desiring to complete their education. The on-line, electronic application provides information necessary for evaluation and selection of fellowships.

The NDSEG fellowships allow recipients to pursue their graduate studies at whichever United States institution they choose to attend. The goal is to provide the United States with talented, doctorally trained American men and women who will lead state of the art research projects in disciplines having the greatest payoff to national defense requirements. Approximately 190-200 3-year fellowships are anticipated to be awarded in the fields of Aeronautical and Astronautical Engineering, Biosciences, Chemical Engineering, Chemistry, Civil Engineering, Cognitive, Neural, and Behavioral Sciences, Computer and Computational Sciences, Electrical Engineering, Geosciences, Material Science and Engineering, Mathematics, Mechanical Engineering, Naval Architecture and Ocean Engineering, Oceanography, and Physics.
