Targeted Capacity Expansion Initiatives for Substance Abuse Prevention (SAP) and HIV Prevention in Minority Communities: Services Grants.	May 23, 2003	\$3.8 million	10-14	5 years.

This program is authorized under Section 516 of the Public Health Service Act. General Instructions: Applicants must use application form PHS 5161-1 (Rev. 7/00). The application kit contains the two-part application materials (complete programmatic guidance and instructions for preparing and submitting applications), the PHS 5161-1 which includes Standard Form 424 (Face Page), and other documentation and forms. Application kits may be obtained from: The National Clearinghouse for Alcohol and Drug

Purpose: The Substance Abuse and Mental Health Services Administration's Center for Substance Abuse Prevention (CSAP) is accepting applications for Fiscal Year 2003 grants to help community-based organizations expand their capacity to provide and sustain effective, integrated substance abuse prevention and HIV prevention services in high risk minority communities disproportionately impacted by the HIV/AIDS epidemic.

Eligibility: Eligible applicants are public and domestic private non-profit entities such as:

- Not for profit community based organizations
- National organizations
- Colleges and universities
- Clinics and hospitals
- Faith-based organizations

- Tribal government and tribal/urban Indian entities and organizations
- Historically Black colleges and universities (HBCUs)
- Tribal colleges and universities (TCUs)
- Hispanic serving institutions (HSIs)
- Members of the Hispanic Association of Colleges and Universities.

Since the purpose of this RFA is to expand the capacity of community-based organizations, State and local government agencies are not eligible to apply.

Public Health System Reporting Requirements: The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:

- (1) A description of the population to be served.
- (2) A summary of the services to be provided.
- (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2003 activity is subject to the Public Health System Reporting Requirements.

PHS Non-Use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Pub. L. 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2003 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials or on SAMHSA's website under "Assistance with Grant Applications". The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental

Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: March 18, 2003.

Executive Officer, SAMHSA.
