

in fulfillment of the publication requirements of *Timken*.

Amended Final Results

Because there is now a final court judgment, Commerce is amending its *Final Results* with respect to Husteel, Hyundai, and the companies not selected for individual examination as follows:

Producer/exporter	Weighted-average dumping margin (percent) ⁷
Hyundai Steel Company	2.42
Husteel Co., Ltd	4.95
Non-Selected Companies ⁸	3.91

Cash Deposit Requirements

Because Hyundai, Husteel, and each of the companies not selected for individual examination listed in the appendix all have a superseding cash deposit rate, *i.e.*, there have been final results published in a subsequent administrative review,⁹ we will not issue revised cash deposit instructions to U.S. Customs and Border Protection (CBP). This notice will not affect the current cash deposit rates for those exporters/producers.

Liquidation of Suspended Entries

At this time, Commerce remains enjoined by CIT order from liquidating entries that were produced and/or exported by: Husteel; Hyundai; Aju Besteel; Bookook Steel; Chang Won Bending; Dae Ryung; Daewoo Shipbuilding & Marine Engineering (DSME); Daiduck Piping; Dong Yang Steel Pipe; Dongbu Steel (also known as Dongbu Steel Co., Ltd.); Eew Korea Company; Hyundai Rb; Kiduck Industries; Kum Kang Kind; Kumsoo Connecting; Miju Steel Mfg. (also known as Miju Steel Manufacturing); Nexteel Co., Ltd. (also known as Nexteel); Samkang M&T; Seah Fs; Seah Steel (also known as Seah Steel Corporation); Steel Flower; Vesta Co., Ltd.; and Ycp Co.; and were entered, or withdrawn from warehouse, for

consumption during the period November 1, 2019 through October 31, 2020. These entries will remain enjoined pursuant to the terms of the injunction during the pendency of any appeals process.

In the event the CIT's ruling is not appealed, or, if appealed, upheld by a final and conclusive court decision, Commerce intends to instruct CBP to assess antidumping duties on unliquidated entries of subject merchandise produced and/or exported by the companies listed above in accordance with 19 CFR 351.212(b). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate is not zero or *de minimis*. Where an import-specific *ad valorem* assessment rate is zero or *de minimis*,¹⁰ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(c) and (e) and 777(i)(1) of the Act.

Dated: January 24, 2025.

Abdelali Elouaradia,

Acting Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XE640]

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Gulf Council) and South Atlantic Fishery Management Council (South Atlantic Council) will hold a joint in-person meeting of their Standing Scientific and Statistical Committees (SSCs), followed by an in-person meeting of the Gulf Council's SSC.

DATES: The meeting will be held Tuesday, February 25, 2025 through Thursday, February 27, 2025; 8:30 a.m.–5 p.m., EST, daily.

¹⁰ See 19 CFR 351.106(c)(2).

ADDRESSES: The meeting will take place at the Gulf Council office. Registration information will be available on the Council's website by visiting www.gulfcouncil.org and clicking on the "meeting tab".

Council address: Gulf of Mexico Fishery Management Council, 4107 W Spruce Street, Suite 200, Tampa, FL 33607; telephone: (813) 348–1630.

FOR FURTHER INFORMATION CONTACT: Mr. Ryan Rindone, Lead Fishery Biologist, Gulf of Mexico Fishery Management Council; ryan.rindone@gulfcouncil.org, telephone: (813) 348–1630.

SUPPLEMENTARY INFORMATION:

Tuesday, February 25, 2025; 8:30 a.m.–5 p.m., EST

The meeting will begin in a Joint Meeting of the Gulf and South Atlantic SSCs with Introductions, and Adoption of the Agenda and Scope of Work. The SSCs will review and discuss the SEDAR 79: Southeastern U.S. *Mutton Snapper* Stock Assessment, followed by the SEDAR 96: Southeastern U.S. *Yellowtail Snapper* Stock Assessment. These assessment agenda items will include presentations, Gulf Fisherman Feedback, South Atlantic Fishery Performance Reports, background materials and SSC discussion. The SSCs will then review the South Atlantic Council's Acceptable Biological Catch (ABC) Control Rule.

Public comments will be heard at the end of the day, if any.

Wednesday, February 26, 2025; 8:30 a.m.–5 p.m., EST

The Standing SSCs will return in a joint session to review and discuss SEDAR 79: Southeastern U.S. *Mutton Snapper* Catch Limit Projections and SEDAR 96: Southeastern U.S. *Yellowtail Snapper* Catch Limit Projections, including presentations and SSC discussions.

Following lunch, the Gulf SSC will convene to review and approve summary minutes from its December 2024 webinar meeting. The Gulf SSC will also review the SEDAR 88 Stock Assessment of Gulf *Red Grouper*, including a presentation, Gulf Fisherman Feedback, background materials and SSC discussion. The Gulf SSC will then discuss the SEDAR 100: Gulf *Gray Triggerfish* Participants for the Data, Assessment and Review Phases. The Gulf SSC will next review the SEDAR 88 Projections for *Red Grouper*, including a presentation and SSC discussions. Public comments will be heard at the end of the day, if any.

⁷ We note that the rates for Hyundai Steel Company and Husteel Co., Ltd. were in inadvertently switched in the *Final Redetermination*. The correct rates were listed in the Draft Results of Redetermination Pursuant to Court Remand, *Wheatland Tube v. United States*, et al. Court No. 22–00160, Slip Op. 23–112 (CIT June 9, 2023) and remained unchanged in the *Final Redetermination*.

⁸ See the appendix to this notice for an exhaustive list of all non-individually examined companies.

⁹ See *Circular Welded Non-Alloy Steel Pipe from the Republic of Korea: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2021–2022; Correction*, 89 FR 49842 (June 12, 2024).

Thursday, February 27, 2025; 8:30 a.m.–5 p.m., EST

The Gulf SSC will review results from Return 'Em Right Studies. They will review: Determination of Predation Mortality, Barotrauma Survival, and Emigration Patterns for Catch-and-released *Red Snapper*; Do Descender Devices Increase Opportunities for Depredation? A Gulf-wide Examination of Descender Device Depredation Rates and Depredating Species; Mitigation of *Gag* Release Mortality in the Eastern Gulf of Mexico; Awareness, Attitudes, Perceptions, and Use of Best Fishing Practices by Recreational Reef Anglers in the Gulf of Mexico. Review of these studies will include presentations, background manuscripts, and SSC discussions.

Following lunch, the Gulf SSC will review: Florida At-sea Observer Data Collection Methods, Results and Analysis; Alabama At-sea Observer Data Collection Methods, Results and Analysis; Mississippi At-sea Observer Data Collection Methods, Results and Analysis; Louisiana and Texas Expansion of At-sea Observer Data Collection Methods, Results and Analysis. These reviews will include presentations, background manuscripts and SSC discussions.

The Gulf SSC will receive an update on Ongoing Projects, review of Best Release Practices Manual for *Reef Fish* and Related Species, and offer SSC Recommendations on the Use of Return 'Em Right Science for Informing Fisheries Management. Public comments will be heard at the end of the day, if any.

The Gulf SSC will then review Other Business, including SEDAR 87 Review Workshop Volunteers and SEDAR 98 Assessment Process and Review Workshop Volunteers.

—Meeting Adjourns

The meeting will also be broadcast via webinar. You may register for the webinar by visiting www.gulfcouncil.org and clicking on the SSC meeting on the calendar.

The Agenda is subject to change, and the latest version along with other meeting materials will be posted on www.gulfcouncil.org as they become available.

Although other non-emergency issues not on the agenda may come before the Scientific and Statistical Committees for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during these meetings. Actions of the Scientific and Statistical Committee will be restricted to those

issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take-action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to Kathy Pereira, (813) 348–1630, at least 5 days prior to the meeting date.

Authority: 16 U.S.C 1801 *et seq.*

Dated: January 29, 2025.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[FR Doc. 2025–02136 Filed 2–3–25; 8:45 am]

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NOAA Geospatial Metadata**

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on October 3, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: NOAA Geospatial Metadata tools.

OMB Control Number: 0648–0024.

Form Number(s): None.

Type of Request: Regular submission, revision and extension of a current information collection.

Number of Respondents: 1,430.

Average Hours per Response: 1.75.

Total Annual Burden Hours: 2,590.

Needs and Uses: This request is for revision and extension of a currently approved information collection. The National Oceanic and Atmospheric Administration (NOAA) collects, generates, retains, and redistributes geospatial metadata in a wide array of data formats covering diverse aspects of earth, biological, and space sciences. To fully understand and reuse these data over the course of many years, NOAA provides several metadata documentation tools for various communities of users to enable them to easily create complete, standards-based descriptive information about geospatial data. The following tools, in use or planned for use by NOAA program offices, are authorized to collect geospatial metadata consistent with Executive Order 12906, NOAA Administrative Order 212–15, and the 2013 Office of Science and Technology Policy Memorandum 'Public Access to Research Results'. Geospatial metadata collected by the listed tools are 'voluntary' but the ability for data documented by relevant geospatial metadata is significantly degraded if metadata are incomplete, inaccurate or otherwise less than the information collection tool supports.

National Environmental Satellite, Data and Information Service (NESDIS): Send2NCEI web application (currently approved as OMB Control Number: 0648–0024).

National Environmental Satellite, Data and Information Service: Advanced Tracking and Resource tool for Archive Collections (ATRAC) web application.

National Environmental Satellite, Data and Information Service: Collection Metadata Editing Tool (CoMET) web application.

National Marine Fisheries Service (NMFS): InPort metadata authoring tool.

Office of Oceanic and Atmospheric Research (OAR): Science Data Information System (SDIS) metadata and data submission tool.

Collecting geospatial metadata is necessary to fully understand, use, and reuse geospatial data since the metadata provides contextual information about data formats, bounding areas, use and access limitations (if any). Geospatial metadata from this information collection also supports multiple search and discovery catalog services, such as *data.gov*, NASA Global Change Master Directory (GCMD), and many others.

Information will be collected from data producers (primarily university, private industry, and government-funded scientific researchers) in multiple fields of geosciences, biological and atmospheric sciences, and socio-
