SUPPLEMENTARY INFORMATION:

Background

The Census Bureau's procedures for outreach, notice and consultation ensure involvement of tribes, to the extent practicable and permitted by law, before making decisions or implementing policies, rules, or programs that affect federally recognized tribal governments. These meetings are open to citizens of federally recognized tribes by invitation.

The Census Bureau's Decennial Directorate and the Intergovernmental Affairs Office is responsible for the development and implementation of outreach and promotion activities to assist in obtaining a complete and accurate census count in 2020 among all residents including the American Indian and Alaska Native populations. This program is one part of the overall outreach and promotion efforts directed at building awareness about the importance of the census and motivating response to the 2020 Census in communities all across the country.

In accordance with Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, issued November 6, 2000, the Census Bureau is adhering to its tribal consultation policy by seeking the input of tribal governments in the planning and implementation of the 2020 Census with the goal of ensuring the most accurate counts and data for the American Indian and Alaska Native population. In that regard, we are seeking comments to the following operational topics:

1. 2020 Census Disclosure Avoidance System (DAS)
2. 2020 Census data products for the American Indian and Alaska Native population

The Census Bureau is transitioning to a new Disclosure Avoidance System (DAS) to protect information provided

by respondents on the 2020 Census. The DAS is a new, advanced, and more powerful confidentiality protection system than the Census Bureau has previously used. The DAS employs a rigorous mathematical process to protect respondents' information and identity. The Census Bureau is fully committed to publishing detailed race and ethnicity data from the 2020 Census, including detailed data on the American Indian and Alaska Native populations. These products will be available in a format that uses the detailed self-reported data, including the option for respondents to report as many race categories as apply. The geographic specificity will be limited to areas that meet certain, still to be determined, minimum population standards, as they have in the past. The Census Bureau also will apply the new 2020 Census Disclosure Avoidance System to all data products. Through the webinar and tribal consultation sessions, Census Bureau staff will provide tribal communities with further details on the Census Bureau's plans to modernize its disclosure avoidance methodology for the 2020 Census and potential changes to the 2020 Census data products. For more information on DAS, please see the following URL link: https://www.census.gov/programs-surveys/decennial-census/2020-census/planning-management/memo-series/2020-memo-2019_12.html.

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; Determination on a Tribal Resource Management Plan.

SUMMARY: Notice is hereby given that NMFS has made a determination on the Nez Perce Tribe's Tribal Resource Management Plan (TRMP), pursuant to the protective regulations promulgated for Pacific salmon and steelhead under the Endangered Species Act (ESA). The TRMP specifies the implementation of fisheries targeting steelhead in the Snake River Basin.

FOR FURTHER INFORMATION CONTACT: Charlene Hurst, at phone number: (503) 230-5409, or via email: Charlene.n.hurst@noaa.gov.

SUPPLEMENTARY INFORMATION:

Species Covered in This Notice

Chinook salmon (*Oncorhynchus tshawytscha*): threatened, naturally produced and artificially propagated Snake River Spring/Summer and Snake River Fall.

Steelhead (*O. mykiss*): threatened, naturally produced and artificially propagated Snake River Basin.

Sockeye salmon (*O. nerka*): endangered, naturally produced and artificially propagated Snake River.

Background

The Nez Perce Tribe TRMP describes fisheries targeting adult steelhead within the Snake River Basin. This plan

was submitted to NMFS in November of 2018 under the ESA Tribal 4(d) Rule, and describes timing, location, harvest impact limits, and gear. A variety of monitoring and evaluation is included in the TRMP. As required, NMFS took public comments on its recommended determination for how the plan addresses the criteria in § 223.203(b)(4) prior to making its final determination.

Discussion of the Biological Analysis Underlying the Determination

The TRMP defines maximum impact rates for natural-origin steelhead specific to each major population group within the Snake River Steelhead Distinct Population Segment. These maximum impact rates are part of a basin-wide framework with which all fishery managers have agreed to coordinate so that impacts do not exceed these maximums. Furthermore, if abundances fall below a major population group-specific Critical Abundance Threshold, management actions (e.g., time-area closures) will be taken to reduce impacts.

NMFS has analyzed the effects of the TRMP on ESA-listed salmon and steelhead species and has concluded that the TRMP would not appreciably reduce the likelihood of survival and recovery of ESA-listed species, while providing for the proposed tribal treaty harvest opportunities. Our determination depends upon implementation of all of the monitoring, evaluation, reporting tasks or assignments, and enforcement activities included in the TRMP. Reporting and inclusion of new information derived from research, monitoring, and evaluation activities described in the plan provide assurance that performance standards will be achieved in future seasons.

Summary of Comments Received in the Response to the Proposed Evaluation and Pending Determination

NMFS published notice of its Proposed Evaluation and Pending Determination (PEPD) on the plan for public review and comment on May 7, 2019 (84 FR 19904), as required by the Tribal 4(d) Rule. The PEPD was available for public review and comment for 30 days. No comments were received.

Patent and Trademark Office

Submission for OMB Review; Comment Request; “Patent Cooperation Treaty”

The United States Patent and Trademark Office (USPTO) will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995.

Agency: United States Patent and Trademark Office, Commerce.

Title: Patent Cooperation Treaty.

OMB Control Number: 0651–0021.

Form Number(s):

- PTO–1382
- PTO–1390
- PTO/IB/372
- PTO/IPEA/401
- PTO/RO/101
- PTO/RO/134
- PTO/SB/64/PCT

Type of Request: Regular.

Number of Respondents: 431,135.

Average Hours per Response: The USPTO estimates that it will take the public between 15 minutes (0.25 hours) and 4 hours to gather the necessary information, prepare the appropriate form or document, and submit the information to the USPTO.

Burden Hours: 352,769.78.

Cost Burden: \$302,074,235.50.

Needs and Uses: The information requested in this collection is necessary for respondents to file an international patent application and for the USPTO to process, search, and examine international applications and related correspondence under the PCT. If this information were not collected, the USPTO would not be able to fulfill its obligations under the PCT as an RO, ISA, or IPEA. The IB also uses this information to administer international applications as required by the PCT.

Some of the information in this collection has associated forms as indicated in Table 2 below. Use of the forms is not mandatory, but the USPTO advises applications to use these forms to ensure that all of the necessary information is provided and to assist the USPTO in processing the international applications quickly and efficiently. The

Request and Demand forms include Annexes (Fee Calculation Sheets) and Notes with instructions on completing these forms. The WIPO also furnishes the PCT Applicant’s Guide and other documents to give the public additional guidance on preparing the international applications.

Frequency: On occasion.

Respondent’s Obligation: Required to Obtain or Maintain Benefits.

OMB Desk Officer: Nicholas A. Fraser, email: Nicholas_A_Fraser@omb.eop.gov.

Once submitted, the request will be publicly available in public format through www.reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.
