

The Supplement to the Consolidated Financial Statements for Holding Companies (FR Y–9CS) is a voluntary, free-form supplemental report that the Board may utilize to collect critical additional data deemed to be needed from HCs in an expedited manner. The FR Y–9CS data collections are used to assess and monitor emerging issues related to HCs, and the report is intended to supplement the other FR Y–9 reports. The data requested by the FR Y–9CS would depend on the Board's data needs in any given situation. For example, changes made by the Financial Accounting Standards Board may introduce into generally accepted accounting principles new data items that are not currently collected by the other FR Y–9 reports. The Board could use the FR Y–9CS report to collect these data until the items are implemented into the other FR Y–9 reports.

Proposed revisions: The Board proposes to revise the FR Y–9C and FR Y–9LP to align with the definition of loan modifications to borrowers experiencing financial difficulty, as described in Accounting Standards Update 2022–02, “Financial Instruments—Credit Losses (Topic 326): Troubled Debt Restructurings and Vintage Disclosures”. Additionally, the Board proposes to replace, as appropriate, references to “troubled debt restructurings” with “modifications to borrowers experiencing financial difficulty” in the FR Y–9C and FR Y–9LP. All of the proposed changes to the FR Y–9C and FR Y–9LP would take effect as of the December 31, 2024, report date. There are no proposed revisions at this time for the FR Y–9SP, FR Y–9ES, or FR Y–9CS.

The Board invites comment on this proposal and acknowledges that this proposal to report “loan modifications to borrowers experiencing financial difficulty” may diverge from the proposed changes to the Call Report.¹ Therefore, the Board is specifically interested in the following:

1. What challenges, if any, would HCs face if the FR Y–9C and FR Y–9LP reporting definitions were out of sync with the Call Report?

2. What challenges, if any, would HCs face if loan modifications to borrowers experiencing financial difficulty were reported on the FR Y–9C and FR Y–9LP using a 12-month lookback, and different lookback criteria were used on the Call Report? If the Call Report used different lookback criteria, would it be preferable for the FR Y–9C and FR Y–9LP to adopt the same definition?

Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

Collection title: Financial Statements of Foreign Subsidiaries of U.S. Banking Organizations, and Financial Statements of U.S. Nonbank Subsidiaries of U.S. Holding Companies.

Collection identifier: FR 2314, FR 2314S, Y-11, Y-11S; OMB No. 7100-0073.

OMB control number: 7100-0073.¹

General description of collection: The FR 2314 reporting forms collect financial information for non-functionally regulated direct or indirect foreign subsidiaries of U.S. state member banks, Edge and agreement corporations, and holding companies (i.e., bank holding companies, savings and loan holding companies, securities holding companies, and intermediate holding companies). The data from the FR 2314 forms are used to identify current and potential problems at the foreign subsidiaries of U.S. parent companies, to monitor the activities of U.S. banking organizations in specific countries, and to develop a better understanding of activities within the industry, in general, and of individual institutions, in particular.

The FR Y-11 reporting forms collect financial information for individual non-functionally regulated U.S. nonbank subsidiaries of domestic holding companies (HCs), which is essential for monitoring the subsidiaries' potential impact on the condition of the HC or its subsidiary banks. HCs file the FR Y-11 on a quarterly or annual basis, or the FR Y-11S on an annual basis, predominantly based on whether the organization meets certain asset size thresholds. The data from the FR Y-11 forms are used with other holding company data to assess the condition of HCs that are heavily engaged in nonbanking activities and to monitor the volume, nature, and condition of their nonbanking operations.

Proposed revisions: The Board proposes to revise the FR 2314 and FR Y-11 forms and instructions to be consistent with adopted changes to U.S. generally accepted accounting principles related to troubled debt restructurings, provisions for credit losses on off-balance sheet credit exposures, and expected recoveries of amounts previously charged off included within the allowances for

¹ As part of this clearance, the Board will clear the FR 2314, FR 2314S, Y-11, and FR Y-11S under the FR 2314 OMB control number (7100-0073), and then discontinue the FR Y-11's separate OMB control number (7100-0244). This non-substantive change is aimed at simplifying the tracking and clearance process for the four related forms. This change would not modify the reporting or recordkeeping requirements of the forms described in this Supporting Statement in any way. The collection will then be titled Financial Statements of U.S. Nonbank Subsidiaries of U.S. Holding Companies and Financial Statements of Foreign Subsidiaries of U.S. Banking Organizations (FR 2314, FR 2314S, FR Y-11, and FR Y-11S; OMB No. 7100-0073).

credit losses. The Board also proposes to revise the FR 2314 and FR Y-11 instructions by modifying and clarifying the recordkeeping requirements related to the submitted form. Additionally, the Board proposes to incorporate six line items from the FR 2502q, Quarterly Report of Assets and Liabilities of Large Foreign Offices of U.S. Banks (OMB Control No. 7100-0079), into the FR 2314. The revisions are proposed to take effect for the December 31, 2024, as-of date.

Lastly, following the completion of this clearance, the Board will remove the Financial Statements of U.S. Nonbank Subsidiaries Held by Foreign Banking Organizations (FR Y-7N) and Abbreviated Financial Statements of U.S. Nonbank Subsidiaries Held by Foreign Banking Organizations (Y-7NS) from OMB No. 7100-0125. These reports will be moved to the OMB No. for the Financial Statement of Foreign Subsidiaries of U.S. Banking Organizations, Financial Statement of U.S. Nonbank Subsidiaries of U.S. Holding Companies (FR 2314, FR 2314S, FR Y-11, FR Y-11S; OMB No. 7100-0073). There are no proposed revisions to the FR 2314S and FR Y-11S at this time.

Frequency: Quarterly and annually.

Respondents: U.S. banking organizations and U.S. holding companies.

Total estimated number of respondents: **Reporting:** FR 2314 (quarterly): 434; FR 2314 (annually): 223; FR 2314S: 295; FR Y-11 (quarterly): 386; FR Y-11 (annually): 211; FR Y-11S: 286. **Recordkeeping:** FR 2314 (quarterly): 421; FR 2314 (annually): 223; FR 2314S: 295; FR Y-11 (quarterly): 386; FR Y-11 (annually): 211; FR Y-11S: 286.
