BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-P-7605]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The

respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT:

Matthew B. Miller, P.E., Chief, Hazards Study Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street, SW., Washington, DC 20472, (202) 646-3461 or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: FEMA

proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act.

This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Acting Administrator for Federal Insurance and

Mitigation Administration certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD) ♦(NAVD)	
				Existing	Modified
AR	Vadnais Heights, City of Ramsey County.	Ponding Area	Pond west of McMenemy Road, north of Meadowood Lane, and southeast Foot-hill Trail.	None	*889

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet. (NGVD) ♦(NAVD)	
				Existing	Modified
		Ponding Area	Ponding area northeast of the intersection of McMenemy Road and Commerce Court.	None	*892
			Ponding area north of Commerce Court and south of Oak Grove Parkway and west of SOO Line Railroad.	None	*904
			Ponding area north of Oak Grove Parkway approximately 1,500 feet east of its intersection with McMenemy Road.	None	*918
			Ponding area east of the SOO Line Railroad, north of Spring Hill Road and west of Morningside Avenue.	None	*912
			Pond north of Willow Grove Lane and west of Greenhaven Drive.	None	*915
			Pond north of Clearbrook Lane, east of Bramblewood Avenue, west of Evergreen Drive and South of Birch Ridge Road.	None	*920
			Pond north of Heritage Court East and South of Valley Oaks Road.	None	*941
			Ponding area south of Westfield Lane, east and north of Oakcrest Drive and north of South Oak Drive.	None	*902
			Ponding area south of North Oak Drive, west of Thornhill Lane, and North of County Road "F".	None	*898
		Ponding area	Ponding area south of Bridgewood Terrace, east of Thornhill Lane and west of Centerville Road.	None	*907
			Ponding area north of County Road "F," east of Thornhill Lane and west of Centerville Road.	None	*901
			Ponding area along Edgerton Street, south of Bear Avenue North and north of Stockdale Road.	None	*897
			Ponding area along Arcade Street and Stockdale Road, south of County Road "F," north of Kohler Road, east of Stockdale Drive and west of Centerville Road.	None	*896
