

penalties. These changes apply to violations occurring after the effective date of this Policy Statement.

Paperwork Reduction Act

This policy statement does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Existing requirements were approved by the Office of Management and Budget (OMB), approval number 3150-0136.

Public Protection Notification

The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid OMB control number.

Congressional Review Act

In accordance with the Congressional Review Act of 1996, the NRC has determined that this action is not a major rule and has verified this determination with the Office of Information and Regulatory Affairs of OMB.

Accordingly, the NRC Enforcement Policy is revised to read as follows: NRC Enforcement Policy

* * * * *

VI. * * *

C. * * *

1. * * *

TABLE 1A—BASE CIVIL PENALTIES

	(\$)
a. Power reactors and gaseous diffusion plants	140,000
b. Fuel fabricators authorized to possess Category I or II quantities of SNM	70,000
c. Fuel fabricators, industrial processors, ¹ and independent spent fuel and monitored retrievable storage installations	35,000
d. Test reactors, mills and uranium conversion facilities, contractors, waste disposal licensees, industrial radiographers, and other large material users ..	14,000
e. Research reactors, academic, medical, or other small material users ²	7,000
f. Loss, abandonment, or improper transfer or disposal of a sealed source or device, regardless of the use or type of licensee: ³ .	
1. Sources or devices with a total activity greater than 3.7×10^4 MBq (1 Curie), excluding hydrogen-3 (tritium)	54,000

TABLE 1A—BASE CIVIL PENALTIES—
Continued

	(\$)
2. Other sources or devices containing the materials and quantities listed in 10 CFR 31.5(c)(13)(i)	17,000
3. Sources and devices not otherwise described above	7,000

¹ Large firms engaged in manufacturing or distribution of byproduct, source, or special nuclear material.

² This applies to nonprofit institutions not otherwise categorized in this table, mobile nuclear services, nuclear pharmacies, and physician offices.

³ These base civil penalty amounts have been determined to be approximately three times the average cost of disposal. For specific cases, NRC may adjust these amounts to correspond to three times the actual expected cost of authorized disposal.

* * * * *

2. * * *

d. * * *

As provided in Section VII, "Exercise of Discretion," discretion may be exercised by either escalating or mitigating the amount of the civil penalty determined after applying the civil penalty adjustment factors to ensure that the proposed civil penalty reflects all relevant circumstances of the particular case. However, in no instance will a civil penalty for any one violation exceed \$140,000 per day.

* * * * *

VII. * * *

A. * * *

The NRC considers violations categorized at Severity Level I, II, or III to be of significant regulatory concern. The NRC also considers violations associated with findings that the Reactor Oversight Process's Significance Determination Process evaluates as having low to moderate, or greater safety significance (i.e., white, yellow, or red) to be of significant regulatory concern. If the application of the normal guidance in this policy does not result in an appropriate sanction, with the approval of the Deputy Executive Director and consultation with the EDO and Commission, as warranted, the NRC may apply its full enforcement authority where the action is warranted. NRC action may include: (1) Escalating civil penalties; (2) issuing appropriate orders; and (3) assessing civil penalties for continuing violations on a per day basis, up to the statutory limit of \$140,000 per violation, per day.

* * * * *

3. * * *

To recognize the added significance for those cases where a very strong message is warranted for a significant

violation that continues for more than one day, the NRC may exercise discretion and assess a separate violation and attendant civil penalty up to the statutory limit of \$140,000 for each day the violation continues. The NRC may exercise this discretion if a licensee was aware of or clearly should have been aware of a violation, or if the licensee had an opportunity to identify and correct the violation but failed to do so.

* * * * *

Dated at Rockville, Maryland, this 13th day of November 2008.

For the Nuclear Regulatory Commission.

R.W. Borchardt,

Executive Director for Operations.

BILLING CODE 7590-01-P

PENSION BENEFIT GUARANTY CORPORATION

Proposed Submission of Information Collection for OMB Review; Comment Request; Survey of Nonparticipating Single Premium Group Annuity Rates

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of Intent To Request Extension of OMB Approval of Information Collection.

SUMMARY: The Pension Benefit Guaranty Corporation ("PBGC") intends to request that the Office of Management and Budget ("OMB") extend approval, under the Paperwork Reduction Act, of a collection of information that is not contained in a regulation (OMB control number 1212-0030; expires March 31, 2009). This voluntary collection of information is a quarterly survey of insurance company rates for pricing annuity contracts. The American Council of Life Insurers conducts this survey for PBGC. This notice informs the public of PBGC's intent and solicits public comment on the collection of information.

DATES: Comments should be submitted by January 27, 2009.

ADDRESSES: Comments may be submitted by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the Web site instructions for submitting comments.

E-mail: paperwork.comments@pbgc.gov.

Fax: 202-326-4224.

Mail or Hand Delivery: Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K

Street, NW., Washington, DC 20005–4026. Comments received will be posted to <http://www.pbgc.gov>.

Copies of the collection of information may also be obtained without charge by writing to the Disclosure Division of the Office of the General Counsel of PBGC at the above address or by visiting the Disclosure Division or calling 202–326–4040 during normal business hours. (TTY and TDD users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4040.) PBGC's regulations on multiemployer plans may be accessed on PBGC's Web site at <http://www.pbgc.gov>.

FOR FURTHER INFORMATION CONTACT:

Thomas H. Gabriel, Attorney, or Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005–4026, 202–326–4024. (For TTY/TDD users, call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

SUPPLEMENTARY INFORMATION: The Pension Benefit Guaranty Corporation's regulations prescribe actuarial valuation methods and assumptions (including interest rate assumptions) to be used in determining the actuarial present value of benefits under single-employer plans that terminate (29 CFR Part 4044) and under multiemployer plans that undergo a mass withdrawal of contributing employers (29 CFR Part 4281). Each month PBGC publishes the interest rates to be used under those regulations for plans terminating or undergoing mass withdrawal during the next month.

The interest rates are intended to reflect current conditions in the annuity markets. To determine these interest rates, PBGC gathers pricing data from insurance companies that are providing annuity contracts to terminating pension plans through a quarterly "Survey of Nonparticipating Single Premium Group Annuity Rates." The American Council of Life Insurers distributes the survey and provides PBGC with "blind" data (*i.e.*, PBGC is unable to match responses with the companies that submitted them). PBGC also uses the information from the survey in determining the interest rates it uses to value benefits payable to participants and beneficiaries in PBGC-trusted plans for purposes of PBGC's financial statements.

The survey is directed at insurance companies that have volunteered to participate, most or all of which are members of the American Council of

Life Insurers. The survey is conducted quarterly and will be sent to approximately 22 insurance companies. Based on experience under the current approval, PBGC estimates that 6 insurance companies will complete and return the survey. PBGC further estimates that the average annual burden of this collection of information is 23 hours and \$75.

OMB has approved this collection of information under control number 1212–0030 through March 31, 2009. PBGC intends to request that OMB extend its approval for another three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Issued in Washington, DC, this 24th day of November 2008.

John H. Hanley,

Director, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation.

PRESIDIO TRUST

Notice of Receipt of and Availability for Public Comment on an Application for Wireless Telecommunications Facilities Site

AGENCY: The Presidio Trust.

ACTION: Notice of receipt of and availability for public comment on an application for Wireless Telecommunications Facilities Site; the Presidio of San Francisco, California.

SUMMARY: This notice announces the Presidio Trust's receipt of and availability for public comment on an application from Omnipoint Communications, Inc. d/b/a T-Mobile for a temporary wireless telecommunications facilities site ("Project") in The Presidio of San Francisco. The proposed location of the Project is below the Highway 101 overpass adjacent to Doyle Drive, in the vicinity of 1158 Gorgas Avenue.

The Project involves (i) licensing a 28' x 22' area ("Site"), (ii) placing a trailer with a cellular facility on wheels ("COW") measuring approximately 27' x 8' on the Site, (iii) installing an 8'-high chain link fence with slats within a portion of an area already enclosed by a 12'-high chain link fence, and (iv) accessing electricity and telephone connectivity from 1158 Gorgas Avenue through surface conduit covered with an asphalt curb or crowned and sloped covering. The COW will host (a) a galvanized steel tower approximately 50' tall, holding six antenna, three of which will be located at approximately
