

the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). #### Humble Gas Pipeline Company; Cobra Pipeline Ltd.; Notice of Baseline Filings

Take notice that on March 28, 2011, the applicants listed above submitted a revised baseline filing of their Statement of Operating Conditions for services provided under section 311 of the Natural Gas Policy Act of 1978 ("NGPA").

Any person desiring to participate in this rate proceeding must file a motion to intervene or to protest this filing in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

**[Project No. 12680-003; Project No. 12711-003]**

#### Ocean Renewable Power Company, LLC; Notice of Change in Docket Number

On July 24, 2009, Ocean Renewable Power Company, LLC (ORPC) filed a draft hydrokinetic pilot license application (DLA) for the proposed Eastport Tidal Energy Project, a proposal that unified two preliminary permits held by ORPC, the Cobscook Bay Tidal Energy Project preliminary permit (P-12711-004) and the Western Passage Tidal Energy Project preliminary permit (P-12680-004). The DLA was assigned a single docket number, P-12680-003, to represent the Eastport Tidal Energy Project pre-filing proceeding. ORPC has since dropped the Western Passage preliminary permit area from its pilot project proposal and is pursuing a pilot project license solely for the Cobscook Bay preliminary permit area. Due to this change in project proposal, ORPC has changed the name of its proposed pilot project from the Eastport Tidal Energy Project to the Cobscook Bay Tidal Energy Project.<sup>1</sup> Due to Western Passage no longer being a part of the pilot project proposal, the docket number P-12680-003 has been closed and the docket number P-12711-003 has been created and assigned to the Cobscook Bay Tidal Energy Project pre-filing proceeding. As part of this change in docket number, all current filings and issuances associated with the Eastport Tidal Energy Project pre-filing proceeding have been cross-referenced with P-12711-003. All future issuances and filings for the Cobscook Bay Tidal Energy Project pre-filing proceeding should solely reference docket number P-12711-003.

<sup>1</sup> ORPC letter filed March 16, 2011.
