Privacy Act of 1974; Department of Homeland Security/Federal Emergency Management Agency—001 National Emergency Family Registry and Locator System (NEFRLS) System of Records

AGENCY: Department of Homeland Security, Privacy Office.

ACTION: Notice of Privacy Act System of Records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Homeland Security proposes to update and reissue a current Department of Homeland Security system of records titled, "Department of Homeland Security/Federal Emergency Management Agency—001 National Emergency Family Registry and Locator System of Records." This system of records allows the Department of Homeland Security/Federal Emergency Management Agency to collect and maintain records on adults displaced from their homes or pre-disaster locations after a Presidentially-declared emergency or disaster. As a result of a biennial review of this system, this system of records notice has been updated as follows: (1) The security classification has changed to reflect that the system is sensitive but unclassified; and (2) the language in routine uses "A," "C," and "E" has been revised for clarity. Additionally, this notice includes non-substantive changes to simplify the formatting and text of the previously published notice. This updated system will be included in the Department of Homeland Security's inventory of record systems.

DATES: Submit comments on or before December 23, 2013. This updated
