#### **SUPPLEMENTARY INFORMATION:**

##### **Initiation of Investigations**

##### **The Petition**

On July 31, 2003, the Department of Commerce ("Department") received an antidumping duty petition ("Petition") filed in proper form by Kerr-McGee Chemical LLC ("Kerr-McGee or Petitioner"). Kerr-McGee is a domestic producer of electrolytic manganese dioxide ("EMD"). On August 13, 2003, Petitioner submitted information to supplement the Petition ("Supplemental Response"). Additionally, on August 13, 2003, the Department asked Petitioner to clarify the sales-below-cost allegations and the countries for which the allegations were made. *See Memorandum to the File from Alex Villanueva, Case Analyst through James C. Doyle, Program Manager; EMD: Regarding Sales- Below-Cost Allegations*, dated August 13, 2003. On August 14, 2003, Petitioner submitted a letter indicating that the sales-below-costs allegations were made only for Ireland, Japan and South Africa. Consequently, Petitioner did not request a sales-below-cost allegation for Australia and Greece. On August 20, 2003, Petitioner submitted revised lost sales and revenue information. In accordance with section 732(b) of the Tariff Act of 1930, as amended ("the Act"), Petitioner alleges imports of EMD from Australia, Greece, Ireland, Japan, South Africa and the People's Republic of China ("PRC") are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act, and that such imports are materially injuring, or threatening material injury to, the U.S. industry.

The Department finds that Petitioner filed its Petition on behalf of the domestic industry because it is an interested party as defined in section 771(9)(C) of the Act, and it has demonstrated sufficient industry support with respect to the investigations it is presently seeking. *See Determination of Industry Support for the Petition* section below.
