SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–450, OMB Control No. 3235–0505]

Submission for OMB Review; Comment Request; Extension: Rule 303 of Regulation ATS

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for approval of extension of the previously approved collection of information provided for in Rule 303 of Regulation ATS (17 CFR 242.303) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”).

Regulation ATS sets forth a regulatory regime for “alternative trading systems” (“ATSs”), which are entities that carry out exchange functions but are not required to register as national securities exchanges under the Act. In lieu of exchange registration, an ATS can instead opt to register with the Commission as a broker-dealer and, as a condition to not having to register as an exchange, must instead comply with Regulation ATS. Rule 303 of Regulation ATS (17 CFR 242.303) describes the record preservation requirements for ATSs. Rule 303 also describes how such records must be maintained, what entities may perform this function, and how long records must be preserved. Under Rule 303, ATSs are required to preserve all records made pursuant to Rule 302, which includes information relating to subscribers, trading summaries, and time-sequenced order information. Rule 303 also requires ATSs to preserve any notices provided to subscribers, including, but not limited to, notices regarding the ATSs operations and subscriber access. For an ATS subject to the fair access requirements described in Rule 301(b)(5)(ii) of Regulation ATS, Rule 303 further requires the ATS to preserve at least one copy of its standards for access to trading, all documents relevant to the ATS’s decision to grant, deny, or limit access to any person, and all other documents made or received by the ATS in the course of complying with Rule 301(b)(5) of Regulation ATS. For an ATS subject to the capacity, integrity, and security requirements for automated systems under Rule 301(b)(6) of Regulation ATS, Rule 303 requires an ATS to preserve all documents made or received by the ATS related to its compliance, including all correspondence, memoranda, papers, books, notices, accounts, reports, test scripts, test results and other similar records. Rule 303(a)(1)(v) of Regulation ATS requires every ATS to preserve the written safeguards and written procedures mandated under Rule 301(b)(10). As provided in Rule 303(a)(1), ATSs are required to keep all

of these records, as applicable, for a period of at least three years, the first two in an easily accessible place. In addition, Rule 303 requires ATSs to preserve records of partnership articles, articles of incorporation or charter, minute books, stock certificate books, copies of reports filed pursuant to Rule 301(b)(2) and Rule 304, and records made pursuant to Rule 301(b)(5) for the life of the ATS. ATSs that trade both NMS Stock and securities other than NMS Stock are required to file, and also preserve under Rule 303, both Form ATS and related amendments and Form ATS–N and related amendments.

The information contained in the records required to be preserved by Rule 303 will be used by examiners and other representatives of the Commission, state securities regulatory authorities, and the self-regulatory organizations (“SROs”) to ensure that ATSs are in compliance with Regulation ATS as well as other applicable rules and regulations. Without the data required by the Rule, regulators would be limited in their ability to comply with their statutory obligations, provide for the protection of investors, and promote the maintenance of fair and orderly markets.

Respondents consist of ATSs that choose to register as broker-dealers and comply with the requirements of Regulation ATS. There are currently 107 respondents. The Commission believes that the average ongoing hourly burden for a respondent to comply with the baseline record preservation requirements under Rule 303 is approximately 15 hours per year. We thus estimate that the average aggregate ongoing burden to comply with the baseline Rule 303 record preservation requirements is approximately 1,605 hours per year. (107 ATSs × 15 hours = 1,605 hours) In addition, there are currently two ATSs that transact in both NMS stock and non-NMS stock on their ATSs. These two ATSs have a slightly greater burden because they have to keep both Form ATS and Form ATS–N and related documents (*e.g.*, amendments). For these two ATSs, we estimate that the ongoing burden above the current baseline estimate for preserving records will be approximately 1 hour annually per ATS for a total annual burden above the current baseline burden estimate of 2 hours for all respondents. Thus, the estimated average annual aggregate burden for alternative trading systems to comply with Rule 303 is approximately 1,607 hours (1,605 hours + 2 hours).

Compliance with Rule 303 is mandatory. The information required by Rule 303 is available only for the examination of the Commission staff,
