BILLING CODE P

DEPARTMENT OF JUSTICE

Antitrust Division

Notice Pursuant to the National Cooperative Research and Production Act of 1993—American Society of Mechanical Engineers

Notice is hereby given that, on May 20, 2015, pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), the American Society of Mechanical Engineers (“ASME”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing additions or changes to its standards development activities. The notifications were filed for the purpose of extending the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, since August 16, 2013 ASME has published four new standards and initiated one new standard activity, and withdrawn three published standards within the general nature and scope of ASME’s standards development activities, as specified in its original notification. More detail regarding these changes can be found at www.asme.org.

On September 15, 2004, ASME filed its original notification pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to section 6(b) of the Act on October 13, 2004 (69 FR 60895).

The last notification was filed with the Department on November 6, 2014. A notice was published in the **Federal Register** pursuant to section 6(b) of the Act on December 16, 2014 (79 FR 74767).

Patricia A. Brink,

Director of Civil Enforcement, Antitrust Division.

BILLING CODE P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. DEA-392]

Manufacturer of Controlled Substances Registration: Insys Therapeutics, Inc.

ACTION: Notice of registration.

SUMMARY: Insys Therapeutics, Inc. applied to be registered as a manufacturer of certain basic classes of controlled substances. The Drug Enforcement Administration (DEA) grants Insys Therapeutics, Inc. registration as a manufacturer of those controlled substances.

SUPPLEMENTARY INFORMATION: By notice dated February 5, 2015, and published in the **Federal Register** on February 11, 2015, 80 FR 7635, Insys Therapeutics, Inc., 2700 Oakmont, Round Rock, Texas 78665 applied to be registered as a manufacturer of certain basic classes of controlled substances. No comments or objections were submitted to this notice.

The DEA has considered the factors in 21 U.S.C. 823(a) and determined that the registration of Insys Therapeutics, Inc. to manufacture the basic classes of controlled substances is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971. The DEA investigated the company’s maintenance of effective controls against diversion by inspecting and testing the company’s physical security systems, verifying the company’s compliance with state and local laws, and reviewing the company’s background and history.

Therefore, pursuant to 21 U.S.C. 823(a), and in accordance with 21 CFR 1301.33, the above-named company is granted registration as a bulk manufacturer of the basic classes of controlled substances listed:

Controlled substance	Schedule
Marihuana (7360)	I
Tetrahydrocannabinols (7370)	I

The company plans to manufacture bulk synthetic active pharmaceutical ingredients (APIs) for product development and distribution to its customers. No other activity for this drug code is authorized for this registration.

Dated: June 24, 2015.

Joseph T. Rannazzisi,
Deputy Assistant Administrator.

BILLING CODE 4410-09-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On June 24, 2015, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of New Mexico in the lawsuit entitled *United States v. Arizona Public Service Company, et al.*, Civil Case No. 1:15-cv-00537 (D. N.M.).

In this civil enforcement action under the federal Clean Air Act (“Act”), the United States alleges that Arizona Public Service Company, El Paso Electric Company, Public Service Company of New Mexico, Salt River Project Agricultural Improvement and Power District, Tucson Electric Power Company, and Southern California Edison Company (collectively the “Defendants”), failed to comply with certain requirements of the Act intended to protect air quality at the Four Corners Power Plant located near Shiprock, New Mexico. The complaint seeks injunctive relief and civil penalties for violations of the Clean Air Act’s Prevention of Significant Deterioration (“PSD”) provisions, 42 U.S.C. 7470-92, and various Clean Air Act implementing regulations. The complaint alleges that Defendants failed to obtain appropriate permits and failed to install and operate required pollution control devices to reduce emissions of sulfur dioxide (“SO₂”) and/or nitrogen oxides (“NO_x”) at the Four Corners Power Plant.

The proposed Consent Decree would resolve violations for certain provisions of the Act at the Four Corners Power Plant, and would require the Defendants to reduce harmful SO₂, NO_x, and particulate matter emissions through the installation and operation of pollution controls. The Defendants will also spend \$6,700,000 to fund environmental mitigation projects that will further reduce emissions and benefit communities adversely affected by the pollution from the plant, and pay a civil penalty of \$1,500,000.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Arizona Public Service Company, et al.*, Civil Case No. 1:15-cv-00537 (D. N.M.), D.J. Ref. No. 90-5-2-1-10300. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
