BILLING CODE 4210-67-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of a Final Environmental Impact Statement/ Environmental Impact Report for the East Contra Costa County Habitat Conservation Plan and Natural Community Conservation Plan and Receipt of Application for an Incidental Take Permit From the Contra Costa County Flood Control and Water District, Contra Costa County, CA

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability.

SUMMARY: This notice announces the receipt of an application from the Contra Costa County Flood Control and Water District (Flood Control District) and the availability of the final Environmental Impact Statement/ Environmental Impact Report (EIS/EIR), East Contra Costa County Habitat Conservation Plan and Natural Community Conservation Plan (Plan), and Implementing Agreement (IA) for public review and comment. A notice of availability of the draft EIS/EIR was published in the **Federal Register** on September 2, 2005. The application described in that notice did not include the Flood Control District, which has since been added to the list of proposed permittees. The Fish and Wildlife Service (Service) is considering the proposed action of issuing a 30-year incidental take permit for 28 species in response to the application. The proposed permittees are: Contra Costa County (County); the cities of Brentwood, Clayton, Oakley, and Pittsburg (cities); the Flood Control District; East Bay Regional Park District; and an Implementing Entity to be formed by the County and the cities to implement certain aspects of the Plan. The proposed permit would authorize the incidental take of individual members of species listed under the ESA. The permit is needed because take of species could occur during proposed urban development activities, rural infrastructure projects, and preserve management activities within a 174,018-acre planning area located in eastern Contra Costa County, California.

DATES: The 30-day waiting period will end on April 9, 2007. Written comments should be received on or before this date.
