The Consumer & Governmental Affairs Bureau Seeks Comments To Refresh Record on Rules Governing Interstate Pay-per-Call and Other Information Services

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: On July 11, 1996, the Commission released a document which amended the Commission's rules governing interstate pay-per-call and other information services to conform with the requirements of the Telecommunications Act of 1996 (1996 Act). Through amendments to section 228, the 1996 Act addressed abusive practices that threatened public confidence in toll-free numbers and left telephone subscribers vulnerable to unexpected charges for calls and information services. The rule amendments were designed to comply with this statutory mandate. 47 CFR 64.1501 *et seq.* The Order and Notice of Proposed Rulemaking proposed new rules to correct abuses involving presubscribed information services and the use of 800 numbers and other toll free numbers to charge subscribers for information services. This document seeks comment to refresh the record regarding issues outlined in the Order and Notice of Proposed Rulemaking issued in 1996.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Public Notice released March 17, 2003. On July 11, 1996, the Commission released an Order and Notice of Proposed Rulemaking, 61 FR 39107, July 26, 1996, which, among other things, amended the Commission's rules governing interstate pay-per-call and other information services to conform with the requirements of the Telecommunications Act of 1996 (1996 Act). Through amendments to section 228, the 1996 Act addressed abusive practices that threatened public confidence in toll-free numbers and left telephone subscribers vulnerable to unexpected charges for calls and information services. The rule amendments were designed to comply with this statutory mandate. 47 CFR 64.1501 *et seq.* The Order and Notice of Proposed Rulemaking proposed new rules to correct abuses involving presubscribed information services and the use of 800 numbers and other toll free numbers to charge subscribers for information services. In the Notice of Proposed Rulemaking, the Commission proposed limited modifications to the Commission's rules which contain our prescription definition, toll-free number limitations, and billing requirements. Order and Notice of Proposed Rulemaking, 11 FCC Rcd at 14752-56, paras. 42-48. We also sought comment on whether additional regulations were necessary to protect consumers from certain practices by common carriers involved in transmitting interstate information services that could be interpreted as not being just and reasonable under section 201(b) of the Communications Act. We now seek comment to refresh the record regarding the issues outlined in the Notice of Proposed Rulemaking.
