

includes real-time monitoring of positions. Further, the Exchange believes that clearing firm procedures address the issue of whether a ROT has the financial capability to support the AUTO-X trading of orders in QQQ<sup>SM</sup> options as large as 1,000 contracts.

The Exchange believes that automatic execution of orders in QQQ<sup>SM</sup> options for up to 1,000 contracts should provide AUTOM customers with quicker, more efficient executions for a larger number of orders, by providing automatic rather than manual executions, thereby reducing the amount of orders subject to manual processing. Further, increasing the AUTO-X maximum order size in QQQ<sup>SM</sup> options should not impose a significant burden on operation or capacity of the AUTOM System and will give the Exchange better means of competing with other options exchanges for order flow.

## 2. Basis

For the reasons stated above, the Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act<sup>13</sup> in general, and in particular, with Section 6(b)(5),<sup>14</sup> in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism<sup>SM</sup> of a free and open market and a national market system, as well as to protect investors and the public interest by enhancing efficiency by providing automatic executions to a larger number of options orders.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Phlx does not believe that the proposed rule change will impose any inappropriate burden on competition.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>15</sup> and Rule 19b-4(f)(6) thereunder<sup>16</sup> because the proposed rule

change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date of the filing, or such shorter time that the Commission may designate if consistent with the protection of investors and the public interest, provided that the Exchange has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the filing date of the proposed rule change.<sup>17</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes waiving the 30-day operative date is consistent with the protection of investors and the public interest. The Commission also notes that a similar proposal was implemented by the Amex.<sup>18</sup> Acceleration of the operative date for this filing will enable the Phlx to compete on an equal basis with other exchanges and thus is consistent with Section 6(b)(8) of the Act.<sup>19</sup> For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than

impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

<sup>17</sup> The Commission has determined to waive the requirement the Phlx provide the Commission with written notice of its intent to file the proposed rule change at least five business days prior to the filing date.

<sup>18</sup> See note 7, supra.

<sup>19</sup> 15 U.S.C. 78f(b)(8).

those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Phlx. All submissions should refer to File No. SR-Phlx-2002-43 and should be submitted by September 3, 2002.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.<sup>20</sup>
