**SUPPLEMENTARY INFORMATION:** Pertaining to National Flood Insurance Program (NFIP) Direct claim forms, Congress created the NFIP through the National Flood Insurance Act of 1968 (NFIA) (Title XIII of Public Law 90–448, 82 Stat. 476), codified at 42 U.S.C. 4001 *et seq.* The NFIP enables property owners in participating communities to purchase flood insurance. Communities participate in the NFIP based on an agreement between the community and Federal Emergency Management Agency (FEMA). If a community adopts and enforces a floodplain management ordinance to reduce future flood risk to new construction in floodplains, FEMA make flood insurance available within the community as a financial protection against flood losses. Accordingly, the NFIP is comprised of three key activities: flood insurance, floodplain management, and flood hazard mapping.

A prospective policyholder may purchase an NFIP flood insurance policy, known as a Standard Flood Insurance Policy (SFIP), either: (1) directly from the Federal Government through a direct servicing agent (referred to as “NFIP Direct”), or (2) from a participating private insurance company through the Write Your Own (WYO) Program. *See* 44 CFR 62.23–24. The SFIP is a single-peril (flood) policy that pays for direct physical damage to insured property. There are three policy forms (*i.e.*, insurance contracts) of the SFIP: (1) Dwelling Form, (2) General Property Form, and (3) Residential Condominium Building Association Policy (RCBAP) Form, which are published in FEMA’s regulations. *See* 44 CFR 61.13; *see also* 44 CFR part 61,
