Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Short-Term Training program supports special seminars, institutes, workshops, and other short-term courses in technical

matters relating to the vocational, medical, social, and psychological rehabilitation programs, independent living services programs, and client assistance programs.

Priority: This priority is from the notice of final priority for this program, published in the **Federal Register** on November 7, 2001 (66 FR 56422). This priority is designed to improve the leadership among top-level managers and administrators of the State Vocational Rehabilitation Services Program. This priority supports a National Rehabilitation Leadership Institute that will address the leadership needs in all VR agencies funded under the Rehabilitation Act of 1973, as amended (Act), and programs funded under section 121 of the Act.

Absolute Priority: For FY 2007, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

National Rehabilitation Leadership Institute

We will fund one project to establish a National Rehabilitation Leadership Institute that will focus on developing the leadership skills of top-level managers and administrators in State VR agencies. The project must have plans for addressing the leadership needs in all VR agencies funded under the Act and programs funded under section 121 of the Act.

The project must employ a curriculum that focuses on the development of leadership skills and on the application of those skills to current challenges and issues in the VR program. The project must be capable of structuring leadership curricula around current VR issues of national significance, such as using VR evaluation standards and performance indicators to assess and improve agency performance, coordinating effectively with generic employment and training programs, and increasing client choice. The advisory committee (described later in this notice) and the Assistant Secretary will determine actual issues.

The project must employ a curriculum that includes several levels of training to meet the needs of audiences ranging from new State administrators and directors to seasoned administrators and directors. The project's curriculum must include sequential courses that allow for repeated practice of newly learned skills over time, with performance feedback. The project must provide training in a peer setting.

The project must coordinate its training activities with activities

conducted under the State Vocational Rehabilitation Unit In-Service Training program, the Rehabilitation Continuing Education Program, and the National Technical Assistance Centers funded by the Rehabilitation Services Administration (RSA). These programs are also charged with improving the leadership skills of State agency personnel. Therefore, collaboration and coordination are necessary.

The project must establish an advisory committee that includes RSA central and regional office representatives, representatives of State VR agency administrators and trainers, rehabilitation counselors, VR clients, Regional Continuing Education Centers, other educators and trainers of VR personnel, tribes and tribal agencies, and others as determined to be appropriate by the grantee and RSA. This committee must provide substantial input on and direction to the training curriculum, including the specific VR issues to be incorporated.

The project must include an evaluation component based upon clear, specific performance and outcome measures. The results must be reported in its annual progress report.

The project must be designed to ensure that State agencies will contribute to the costs of the participant's training.

Note: Examples of current challenges and issues in the VR program include the new approach to monitoring, and how State agency leaders should plan to use the system and the information it yields for program improvement.

Note: There are no longer RSA regional offices. References to regional offices in the program priority should be interpreted to apply to the RSA central office.

Program Authority: 29 U.S.C. 709(a)(2) and 772.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, and 86. (b) The regulations in 34 CFR parts 385 and 390. (c) The notice of final priority for this program published in the **Federal Register** on November 7, 2001 (66 FR 56422).

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.
