4. *Performance Measures:* Under the Government Performance and Results Act (GPRA), FIPSE performance is focused on (1) the extent to which funded projects are being replicated—i.e., adopted or adapted—by others; and (2) the manner in which projects are being institutionalized and continued after grant funding. These two results constitute FIPSE's indicators of the success of our program. Consequently, applicants for FIPSE grants are advised to give careful consideration to these two outcomes in conceptualizing the design, implementation, and evaluation of the proposed project. If funded, you will be asked to collect and report data in your project's annual performance report on steps taken toward these goals.
