

authorizes federal guarantees for financing of certain tribal activities (Title VI Loan Guarantee Program). The regulations governing the IHBG and Title VI Loan Guarantee Programs are located in part 1000 of HUD's regulations in title 24 of the Code of Federal Regulations. In accordance with section 106 of NAHASDA, HUD developed the regulations with active tribal participation and using the procedures of the Negotiated Rulemaking Act of 1990 (5 U.S.C. 561–570).

Under the IHBG Program, HUD makes assistance available to eligible Indian tribes for affordable housing activities. The amount of assistance made available to each Indian tribe is determined using a formula that was developed as part of the NAHASDA negotiated rulemaking process. Based on the amount of funding appropriated annually for the IHBG Program, HUD calculates the annual grant for each Indian tribe and provides this information to the Indian tribes. An Indian Housing Plan for the Indian tribe is then submitted to HUD. If the Indian Housing Plan is found to be in compliance with statutory and regulatory requirements, the grant is made. Under the Title VI Loan Guarantee Program, HUD guarantees notes and other obligations issued by Indian tribes or their tribally designated housing entities, for the purposes of financing the eligible activities specified in NAHASDA.

The Native American Housing Assistance and Self-Determination Reauthorization Act of 2008 (Pub. L. 110–411, approved October 14, 2008) (2008 Reauthorization Act) reauthorizes NAHASDA through 2013 and makes several amendments to the statutory requirements governing the IHBG and Title VI Loan Guarantee Programs. The 2008 Reauthorization Act amends section 106 of NAHASDA to provide that HUD shall “initiate a negotiated rulemaking in accordance with this section by not later than 90 days after enactment of the” 2008 Reauthorization Act.

Through this notice, HUD announces the initiation of the negotiated rulemaking required by the 2008 Reauthorization Act. This notice also provides an overview of the next steps in the negotiated rulemaking process.

II. Negotiated Rulemaking

The basic concept of negotiated rulemaking is to have the agency that is developing a regulation bring together representatives of affected interests for face-to-face negotiations. The give-and-take of the negotiation process is

expected to foster constructive, creative and acceptable solutions to difficult problems. The establishment of the negotiated rulemaking committee will offer Indian tribal governments the opportunity to have input into the changes to the IHBG Program regulations.

Section 564 of the Negotiated Rulemaking Act of 1990 requires that an agency, prior to the establishment of a negotiated rulemaking committee, publish a notice in the **Federal Register** announcing its intent to establish the committee, provide a list of the proposed committee membership, provide certain other information regarding the formation of the committee, and solicit nominations for selection to the committee. HUD will be publishing the notice required by section 564 in the **Federal Register**. HUD's goal is to establish a committee whose membership reflects a balanced representation of Indian tribes.

When the committee is established, all meetings of the negotiated rulemaking committee will be announced in the **Federal Register** and be open to the public.

Dated: December 31, 2008.

Milan Ozdinec,

Deputy Assistant Secretary for Housing Choice Program, Office of Public and Indian Housing.

Section 8 Housing Assistance Payments Program—Contract Rent Annual Adjustment Factors, Fiscal Year 2009

AGENCY: Office of the Secretary, HUD.

ACTION: Notice of Revised Contract Rent
Annual Adjustment Factors.

SUMMARY: The United States Housing Act of 1937 requires that assistance contracts signed by owners participating in the Department's Section 8 housing assistance payments programs provide for annual adjustment in the monthly rentals for units covered by the contract. This notice announces revised Annual Adjustment Factors (AAFs) for adjustment of contract rents on assistance contract anniversaries. The factors are based on a formula using data on residential rent and utilities cost changes from the most current annual Bureau of Labor Statistics Consumer Price Index (CPI) survey. These factors are applied at Housing Assistance Payment (HAP) contract anniversaries for those calendar months commencing after the effective date of this notice.

DATES: Effective Date: January 12, 2009.

I. Applying AAFs to Various Section 8 Programs

AAFs established by this Notice are used to adjust contract rents for units assisted in certain Section 8 housing assistance payments programs during the initial (*i.e.*, pre-renewal) term of the HAP contract and for all units in the Project-Based Certificate program. There are three categories of section 8 programs that use the AAFs:

Category 1—The Section 8 New Construction and Substantial Rehabilitation programs and the Section 8 Moderate Rehabilitation program.

Category 2—The Section 8 Loan Management (LM) and Property Disposition (PD) programs.

Category 3—The Section 8 Project-Based Certificate (PBC) program.

Each section 8 program category uses the AAFs differently. The specific application of the AAFs is determined by the law, the HAP contract, and appropriate program regulations or requirements.

AAFs are not used in the following cases:

Renewal Rents. With the exception of the Project-Based Certificate program, AAFs are not used to determine renewal rents after expiration of the original section 8 HAP contract (either for projects where the section 8 HAP contract is renewed under a restructuring plan adopted under 24 CFR part 401; or renewed without restructuring under 24 CFR part 402). In general, renewal rents are based on the applicable state-by-state operating cost adjustment factor (OCAF) published by HUD; the OCAF is applied to the previous year's contract rent minus debt service.

Budget-based Rents. AAFs are not used for budget-based rent adjustments. For projects receiving Section 8 subsidies under the LM program (24 CFR part 886, subpart A) and for projects receiving Section 8 subsidies

under the PD program (24 CFR part 886, subpart C), contract rents are adjusted, at HUD's option, either by applying the AAFs, or by budget-based adjustments in accordance with 24 CFR 886.112(b) and 24 CFR 886.312(b). Budget-based adjustments are used for most section 8/202 projects.

Certificate Program. In the past, AAFs were used to adjust the contract rent (including manufactured home space rentals) in both the tenant-based and project-based certificate programs. The tenant-based certificate program has been terminated and all tenancies in the tenant-based certificate program have been converted to the Housing Choice Voucher Program, which does not use AAFs to adjust rents. All tenancies remaining in the project-based certificate program continue to use AAFs to adjust contract rent for outstanding HAP contracts.

Voucher Program. AAFs are not used to adjust rents in the Tenant-Based or the Project-Based Voucher programs.

Moderate Rehabilitation Program. Under the Section 8 Moderate Rehabilitation program, (both the regular program and the single room occupancy program), the public housing agency (PHA) applies the AAF to the base rent component of the contract rent, not the full contract rent.

II. Adjustment Procedures

This section of the notice provides a broad description of procedures for adjusting the contract rent. Technical details and requirements are described in HUD notices H 2002-10 (Section 8 New Construction and Substantial Rehabilitation, Loan Management, and Property Disposition) and PIH 97-57 (Moderate Rehabilitation and Project-Based Certificates).

Because of statutory and structural distinctions among the various Section 8 programs, there are separate rent adjustment procedures for the three program categories:

Category 1: Section 8 New Construction, Substantial Rehabilitation, and Moderate Rehabilitation Programs

In the section 8 New Construction and Substantial Rehabilitation programs, the published AAF factor is applied to the pre-adjustment contract rent. In the section 8 Moderate Rehabilitation program, the published AAF is applied to the pre-adjustment base rent.

For Category 1 programs, the Table 1 AAF factor is applied before determining comparability (rent reasonableness). Comparability applies if the pre-adjustment gross rent (pre-adjustment contract rent plus any allowance for tenant-paid utilities) is
