An electronic copy of this document may be downloaded from the Office of the Federal Register's website at www.FederalRegister.gov and the Government Publishing Office's website at www.GovInfo.gov.

Background

On May 11, 2022, at 87 FR 28858, FHWA advised the public of final agency actions subject to 23 U.S.C. 139(l)(1). It further advised that a claim seeking judicial review of the Federal agency actions on the highway project would be barred unless the claim is filed on or before October 11, 2022. In that document, the Action in the heading of the Notice incorrectly read “Notice of Limitation on Claims for Judicial Review of Actions by the California Department of Transportation (Caltrans) and the United States Forest Service (Plumas National Forest) to

issue a special use permit to Caltrans.” The Action heading is corrected to read “Notice of Limitation on Claims for Judicial Review of Actions by the California Department of Transportation (Caltrans).” (Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2019–0139]

Entry-Level Driver Training: United Parcel Service, Inc. (UPS); Petition for Reconsideration of Original Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; denial of petition for reconsideration of original application for exemption.

SUMMARY: FMCSA announces its decision to deny reconsideration of the Agency's initial denial of the application for exemption filed by United Parcel Service, Inc. (UPS). UPS originally sought exemption from a provision in the Entry-Level Driver Training (ELDT) final rule requiring two years of experience for training instructors. FMCSA denied that petition on December 9, 2019. UPS believes that its current process of preparing driver trainers exceeds any skill set gained merely by operating a tractor-trailer for two years. UPS stated that its reconsideration request would ensure that it can continue to exceed the current regulatory requirements and provide proper training of its drivers and improve highway and public safety. FMCSA analyzed the petition for reconsideration and the public comments submitted, and determined that the application lacked evidence that would ensure that an equivalent level of safety or greater would likely be achieved absent such exemption.
