

ADDRESSES: The reports are available for public inspection during normal business hours at the Air and Radiation Program, Environmental Protection Agency, Region VIII, 999 18th Street, Suite 500, Denver, Colorado, 80202-2405. Interested persons should contact the person listed below to arrange a time to view these documents.

FOR FURTHER INFORMATION CONTACT: Amy Platt, Environmental Protection Agency, Region VIII, (303) 312-6449.

SUPPLEMENTARY INFORMATION: Section 169A of the Clean Air Act requires visibility protection for mandatory Class I Federal areas where visibility has been determined to be an important value. The National visibility goal set forth in Section 169A(a)(1) is to prevent any future and remedy any existing manmade visibility impairment in these mandatory Class I Federal areas.

The U.S. Environmental Protection Agency (EPA) promulgated regulations governing visibility on December 2, 1980 (codified in 40 CFR 51.300-51.307). These regulations include, among other things, requirements for states to revise their State Implementation Plans (SIPs) to ensure reasonable progress toward achieving the National visibility goal through the implementation of visibility monitoring, visibility new source review, and a long-term strategy (a 10-15 year plan for achieving the National visibility goal).

Neither Montana nor South Dakota adopted a visibility long-term strategy to meet the requirements of 40 CFR 51.306.

Therefore, on November 24, 1987 (see 52 FR 45132) EPA promulgated a new § 52.29 which incorporated a federal long-term strategy into the SIPs for Montana and South Dakota. This new section commits EPA to periodic reviews of the long-term strategy and reporting required by 40 CFR 51.306(c).

Under 40 CFR 52.29, EPA must conduct a periodic review, and revision if appropriate, of the long-term strategy. The resulting report on progress made toward the National visibility goal must be made available to the public. EPA has completed the review for Montana and South Dakota and is fulfilling the reporting requirements.

This notice today informs the public and identifies the appropriate

EPA regional office from which the public may gain further information and view the reports on progress made toward the National visibility goal in Montana and South Dakota.

Dated: September 12, 2000.

Carol M. Browner,
EPA Administrator.
